Momento tristo den Corte

Pa abuso di dos yiu castigo contra tata mester ta 2 bes 6 año y 6 luna

Yiunan semper ta ser considera “Obra di Señor” cu a bendiciona un pareha cu yiunan pa nan stima y forma nan bida te ora cu nan ta adulto caminda nan necesidad ta prome cu esun di mayornan y den hopi famia, e balornan sagrado aki ta prevalece.

Pa tal motibo un caso manera Corte e trata dialuna ultimo, a pone hopi hende sinti e dolor di dos criatura inocente, dolor di un mama y famianan cercano, ya cu e dos criatura di 5 y 6 año, a wordo sometí na abuso sexual pa colmo di esun yama pa proteha nan di tur maldad, esta nan tata.

E acusado G. di 35 año segun Ministerio Publico su investigacion, pa dos año largo a sometí su dos yiunan, ambos mucha homber, na actividadnan sexual inaceptabel, abusando di inocencia di e criaturanan aki manera relata pa Fiscal durante tratamiento di e caso aki.

E abuso di e dos yiunan a ser descubri na momento c’un Mama di e criaturanan, a bin mira grabacion riba un tablet di e muchanan caminda nan tabata mishí cu otro, tene relacion cu otro y mesora el a dicidi di entrega keho contra di su esposo.

E mama tambe a mostra cu tur e cosnan aki a inicia despues cu el a dicidi di casa cu e homber G. y esaki a sosode for di 2021 te cu luna di Maart di 2023 na momento cu a bin descubri e grabacion riba tablet pero tambe autoridadnan a bin haya pornografia riba e aparato aki mientras cu riba celular di e tata a haya mesun tipo di grabacionnan aki.

Declaracion di e criaturanan a mostra autoridadnan cu e actividadnan aki tabata tuma luga ora cu e mama sali bay haci respondi y caminda e tata tambe tabata participa den cierto actividadnan cu nan y tur esaki a cuminsa na momento cu e muchanan tabatin 6 y 5 año di edad.

Loke a demostra cu nunca di nan bida e criaturanan aki lo por tabata na altura kico relacion sexual tabata, con pa baha grabacion pornografico for di internet y mas bien na e edad ey a muchanan ta mira mas tanto pelicula di mucha, di fantasia y otro programanan pa mucha.

Cu e tata ta insisti cu e no a manda grabacion pa e muchanan tablet simplemente ta un mentira ya cu tin asina hopi aspecto di su declaracion cu no ta cuadra cu realidad di un situacion asina y su abogado tambe a haci un esfuerzo pa mostra

Hues cu tin cosnan cu no por ta berdad.

Na momento cu a trata e caso dialuna ultimo, e dos criaturanan aki tabatin 8 y 7 año di edad, pues ainda un edad hopi inocente cu a difícil pa kere cu nan a ser sometí den cosnan di hende grandi manera actividadnan sexual cu hende mayor ta carga e tipo di fantasianan aki.

Mama di e criatura a pidi Hues pa obliga e acusado pa paga un suma di 20 mil florin pa cada mucha, loke sin duda ta na su luga mirando cu ainda no por anticipa ki efecto e abuso aki lo marca nan bida den futuro.

E caso ta tristo y por bay menciona un serie di prueba cu Ministerio Publico a trece contra di e acusado di 35 año pero e solo hecho c’un caso asina ta den sala di Corte di Prome Instancia, ta confirma con serio henter e asunto aki ta.

Muchanan ta rekeri pa wordo protegi di tur cos malo, principalmente pa nan mayornan pero ora c’un di e dos nan aki faya barbaramente manera a sosode cu nan tata, e ta un acto horibel y condenabel cu ta rekeri un castigo severo.

Fiscal na final di tratamiento di e caso a exigi un castigo di 6 año y 6 luna loke hopi ta haya hopi abou y no ta igual cu e abuso cu e muchanan a pasa den y aki tin cu señala cu den e sistema Mericano, un caso asina e acusado lo ricibi 2 bes un castigo di 6 año y 6 luna contra di e tata ya cu el a abusa dos criatura inocente.

Dia 10 di December proximo, Hues lo dicta sentencia den e caso tristo aki!!

“In de Naam der Koning”

Gobierno cu campaña di “ontneming” di propiedad di pensionadonan

Di credit card pa multa, di aumento di prijs di awa y coriente pa aumento di prijs di gasolin, di aumento di comestibel den supermercadonan pa paga pa remedinan, “you name it” un grupo grandi di pensionadonan, of manera gobierno ta yama nan, adulto mayor, ta pasando di un situacion dramatico pa otro.

Tur ta desaroyonan cu ta sigui reduci e entrada limita cu miles y miles di pensionadonan tin bira e isla aki y mescos cu otro gruponan cu ta bida di onderstand of salario minimo, e situacion ta sigui crea mas problema financiero y social tur dia.

Ya ta dos siman caba cu gobierno ta cuminsa c’un campaña cu ta musta riba loke Ministerio Publico y Corte di Husticia sa haci contra di esunnan cu wordo haya culpabel na un of otro delito, conoci como e proceso di “ontneming”, pa asina haya mas placa den un caha di gobierno cu ya tin surplus caba.

Esaki pa motibo di e forma con departamentonan di gobierno a cuminsa parti cobransanan atrasa, caminda tin varios ‘ploeg’ di varios di e departamentonan aki, cu ta coriendo rond partiendo carta den number di “deurwaarde” cual cartanan tur tin un fecha limite pa ciudadanonan bin paga loke nan debe na tereno, na multa, na impuesto di entrada, pues tur tipo of sistema di cobransa cu por tin.

No ta algo malo, ya cu tur ciudadano tin responsabilidad pa carga pa loke ta nan impuestonan cu tin pero e forma con ta acusa hendenan grandi, hendenan cu ta ser considera ciudadanonan pober, ta simplemente algo inhumano.

Tin miles di pensionado cu pa hopi aña no a ricibi cobransa di erfpacht na cas manera tabata e sistema normal, a ricibi cobransanan di varios number y loke ta resalta mas ainda, ta riba e recibonan aki ta para mas ariba: “In der Naam der Koning,” cu ta hinca ainda mas miedo di hendenan grandi cu no ta custuma cu e tipo di cobransanan aki.

Tin pensionadonan cu a rekeri asistencia medico ya cu e cobransanan aki a aumenta na presion asina hopi, cu a rekeri yudansa pa Eerste Hulp of na dokter di cas ya cu simplemente pensionadonan no sa mas di unda tin cu saca placa for di e tiki cu nan ta cobra na pensioen, pa cumpli cu tur nan obligacionnan.

Un serie di cobransa a Sali pa tereno erfpacht cu pensionadonan a cay atras cu nan ya cu e tiki cu nan ta ricibi pa luna, no ta suficiente ni pa come, paga

coriente y awa y awor paga algun recibo di tres pa cuater aña.

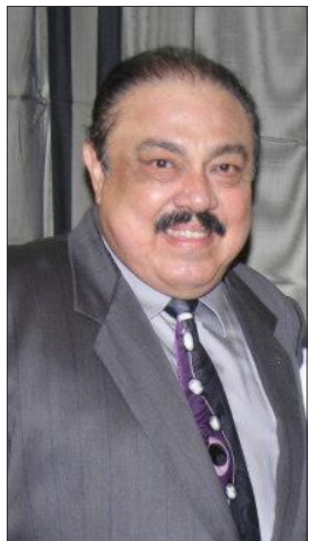

Hasta tin pensionado cu na momento di busca informacion na e departamento, a ser avisa cu si no cumpli cu e pagonan atrasa, gobierno lo kita e tereno aki for di nan, hincando ainda mas susto den ciudadanonan cu a traha henter nan bida, a paga nan premie pa ricibi loke ta ricibiendo na e momentonan aki como pensioen pero no a spera nunca cu gobierno mes no impone un “ontneming” den e sistema di husticia contra di nan, mescos cu a algo hopi malo nan a haci.

E partimento di e cartanan aki “In de Naam der Koning” ta parce riba un accion di Gabinete Wever Croes su a Sali for di e siman di “Halloween” y cu awor ta drenta e periodo di Sinterklaas cu ta parti regalo pa tur mucha pero den e caso aki, gobierno ta parti castigo pa pensionadonan.

OPINION PUBLICO

SKIRBI PA TOKO WINKLAAR

Parlamentario independiente forma pa un organisacion criminal?

Ainda no tin ningun indicacion, nada di un vision nobo cu varios politico tabata papiando algun luna atras ya cu te ainda gran parti di politiconan cu a papia di e vision aki, ta mas ocupa pa mira con nan lo sobrevivi den e proximo proceso electoral cu lo sigur nan permanencia den

Parlamento of como partner den un gobierno di coalicion.

Siman pasa un di e politiconan aki, Rycond Santos do Nascimento, un biaha mas a mostra su vision di politica nobo, caminda atrobe el a trata di ataca e partido y e lider politico cu a brinda su persona e oportunidad pa inicia cu su carrera politico.

Aki ta bon pa mi persona señala cu e parlamen-

tario independiente aki, a declara den un entrevista cu "Toke" lo tin problema cu su persona y aki ta bon mi aclaria cu esaki ningun momento ta e caso.

Como politico Rycond a converti su mes den un figura publico y e forma con el a kibra cu partido AVP, el a acusa e partido y su lider di diferente puntonan cu cual ya no ta cuadra cu su vision politico, ya cu AVP y Mike Eman ta practicamente politica bieu.

Loke mi ta haya asina serio den e forma di procede di Rycond den su era politico 'post AVP', ta con e ta lubida su historia den e partido aki caminda el a benta principionan un banda, sconde e nificacion di integridad, ora cu el a dicidi di retene e asiento di partido AVP, ya cu ora el a saca 214 voto den eleccion 2021, e asiento aki ta su partido a haci esaki posibel.

Bo no tin voto preferencia, bo no tin derecho riba e asiento aki pero awor si Rycond ta pretende di tin e curashi di haci politica asina anticua, mustrando cu realmente e no tabatin nada di haci den e arena politico.

Ta bon mi muestra aki, un expresion di Rycond siman pasa dia 6 di November 2023:

"Ministerio Publico ta bezig ta desenmascara Mike pa hende por cuminsa realisa cu AVP tin tur característica di un organisacion criminal. AVP ta chica comerciante pa asina haya fondonan pa campaña. Como recompensa AVP ta percura cu e comerciante tin acceso na tereno comercial, ontheffing y na diferente tipo di permiso."

Un berguensa pa un persona pa colmo miembro di Parlamento, papia un estupidez si marca mayor aki, ya cu ta apenas algun luna atras, su persona tabata forma parti di loke el a bisa ta un organisacion criminal.

Rycond bo tabata parti di e organisacion politico aki pa varios aña, bo a presidi e Fundacion Digna Herera Lacle trahando cu hobennan pa bira lider politico y riba dje bo persona a subi lista como number 5 riba lista hunto cu Benny Sevinger cu awor diripiente bo ta mira su faltanan. Si bo persona ta acusa AVP di a chica comerciantenan pa asina haya fondo pa campaña pa despues recompensa e hendenan aki cu tereno comercial, ontheffing y diferente otro permiso, Rycond lo bo ta mas culpabel cu e organisacion aki.

Mike Eman siman pasa tabata na Hulanda y el a ser ricibi cu gran respet y aceptacion y abo Rycond a keda Aruba pa skirbi, no bo politica y vision nobo pero un set di 'soketada' ya cu aparentemente ainda bo no por haya bo identidad politico real.

E lider di AVP a presenta solucionnan, alternativanan serio pa atende cu e situacion serio cu tin pero bo persona ta perdi den e desierto politico sin sa ki rumbo bo tuma y ki tipo di politico bo kier ta, ya cu na e momento aki Rycond, bo persona ta un politico sin vision y sin identidad!

Parlamento a wanta cambio pa evita Hulanda impone cu Rijkswet

For di 2016 e miembro di Parlamento Roelof van Laar a introduci un cambio conoci como clausula excepcional den e concepto Rijkswet cu tabata un iniciativa di miembro di Tweede Kamer Gerritjan van Oven na 2000, caminda Hulanda no por dicidi di impone of introduci un rijkswet literalmente sin envolvemento di e otro paisnan den Reino.

Segun informacion ricibi for di Hulanda ta muestra cu e cambio aki ta limita parcialmente e poder impactante cu Hulanda tin ora tabata uza na su fabor, pa impone un ley of cambio di ley sin consulta cu e otro paisnan di Reinado. For di 2000 a ser introduci un concepto pa e cambio aki di parti di van Oven caminda inicialmente lo no permiti cu for di Den Haag, un "Algemene Maatregel van Rijksbestuur" wordo impone ya cu esaki lo evita cu Parlamento di islanan CAS, cu ta Corsou, Aruba y Sint Maarten, lo no tin algo di bisa relaciona cu e decision aki.

Inicialmente gobierno di Hulanda no a mira algo den e concepto di ley aki pero tabata te na 2016 cu parlamentario van Laar a introduci su clausula excepcional e concepto di ley aki, cual a wordo aproba asina.

Pamotibocu ta trata aki di un cambio di Statuut, esaki a rekeri aprobacion di Parlamento di e paisnan envolvi pero a pesar cu e ley aki tabata na beneficio di e tres islanan CAS, pa varios e dossier a keda den lachi caminda na varios ocasion BZK a alerta gobierno di e tres islanan aki pero gobierno Hulandes no por a forsa nan pa aproba esaki.

Parlamento di Corsou a aproba e cambio di ley aki na 2019 y Parlamento di Sint Maarten a aproba esaki na 2020 pero Parlamento di Aruba no a atende cu e cambio aki y awor na 2023, pues casi cuater aña laat, a aproba e cambio aki y na luna di September ultimo, e ley a wordo trata y aproba den Consejo di Minister di Reino y algun siman despues esaki

a wordo firma pa Rey Willem Alexander pa e bira oficial. Siman pasa e cambio di ley aki a wordo anuncia pa medio di e asina yama "Staatsblad" pero BZK ta muestra cu no ta cambia mucho cos caminda solamente gobierno di Reino ya no por impone un rijkswet riba e tres islanan sin mas si esakinan no tin un base den e Rijkswet.

Minister Arends ta informa medida di emergencia pa Bubali Plas

Despues di yobida di ultimo dianan e volumen di awa cu a acumula den Bubali Plas a yega na un nivel critico. Na e momentonan aki no tin capacidad den e plas mes pa sigui retene tanto awa y tampoco ta responsabel pa laga e nivel sigui subi y desborda den vecindario.

Esaki ta un situacion di emergencia pa cual Gobierno, den coordinacion cu tur departamentonan concerni, incluyendo oficina di maneho di crisis, a analisa tur opcion y a keda nada otro cu aproba pa habri e sluisnan di emergencia temporalmente pa asina baha e nivel di e awa den Bubali Plas.

Den cuadro di transparencia Gobierno ta informa na nos comunidad henter cu e sluisnan di emergencia lo wordo habri pa un tempo corto, pa asina baha e nivel di awa y evita derame riba camindanan publico y otro dañonan material cu esaki lo por causa na propiedadnan den vecindario.

E sluisnan aki ta existi netamente pa incidentenan asina, caminda cu e cantidad di awa ta supera e capacidad di e plas y ta bira un riesgo pa habitantenan y ta trece den peligro e movilidad den direccion di nos hotelnan. Ta enfatisa cu e exceso aki ta resultado di yobida.

Habrimento di sluis di emergencia no ta un decision cu ta tuma sin mas. Esaki lo sosode segun tur standard di medida di preocupacion, teniendo na cuenta tur posibilidad pa mitiga e impacto riba medio ambiente, pero mas cu esey e prioridad principal di Gobierno ta keda semper e seguridad y salud di tur ciudadano y nos bishitantenan.

Ta enfatisa un biaha mas cu pa Gobierno e habrimento di sluis no ta e prome opcion y no ta un decision facil, pero ora mester haci esaki, lo sigui protocolnan estricto.

Mester tene cuenta cu no ta existi planta cu ta ekipa pa procesa cantidad grandi di awasero. Tampoco ta asina cu Bubali Plas por acapara tanto yobida.

Mirando cu e nivel di awa den e plas por tin riesgo pa publico y cu e awa para na San Miguel ya tin peligro di forma un criadero pa entre otro di Dengue y Zika, mester tuma tur paso pa evita un epidemia.

Den e plannan pa e planta nobo di RWZI cu ya ta den un estado avansa, Gobierno a percura pa inclui tambe un grupo di accion cu ta desaroya un 'contingency plan' pa atende cu

exceso di awasero durante e proceso cu ta yega na e planta nobo di RWZI. Un planta asina ta tuma tempo pa construi y durante di e periodo aki sigur lo tin mas incidente di hopi awasero.

Parti di e traspaso di e planta y e instalacion di e planta nobo ta inclui un grupo di trabou multidisciplinario cu ta separa di e planta mes. Tambe ta mira e situacion di capacidad di Bubali Plas. Den esaki lo participa e Ministerio di Naturalesa, Ministerio di Asuntonan General, DNM, DVG, Fundacion Parke Nacional Aruba y DOW, pa investiga y implementa solucionnan duradero pa un periodo di 36 luna.

Pa medio di e comunicado aki ta enfatisa tambe cu habrimento di e sluis di emergencia no ta un acto descontrola. Pa yega na e decision aki ta existi un protocol di emergencia entre DOW, den consulta cu DVG, DNM, y oficina di maneho di crisis. Dentro di corto e unidad aki lo dispone di un pomp cu lo yuda canalisa exceso di awa den cierto direccionnan strategico caminda e no ta dañino pa naturalesa y tampoco salud.

Na november 2021, Minister Ursell Arends a splica den un conferencia di prensa e urgencia di e situacion tanto di RWZI como Bubali Plas riba su mes, y e estado critico di ambos, y e peligro cu nan ta forma pa nos medio ambiente.

Gobierno no a para keto. Na RWZI a reforsa e infraestructura pa evita lo peor. Na mes momento a traha cu grupo di tecnicos riba tereno di maneho di awa, incluyendo specialistanan di Hulanda cu ta un pais renombra riba e tereno aki. Nan a studia e situacion integralmente y a conclui cu Aruba no por sigui "patch up" loke tin.

Aruba mester un planta completamente nobo, mas moderno y mas grandi. A base di e estudionan tecnico por a scucha expertonan financiero, y e grupo aki a elabora un plan concreto pa Aruba yega na su planta nobo.

Cu tur e informacion aki a haci posibel cu awe tin un concepto di ley, pa asina pronto Aruba por conoce un RWZI nobo. Gobierno ta premira cu dentro di poco comunidad lo ser conoci e plan cu porfin lo brinda un alivio pa e situacion aki cu a wordo negligencia pa decadanan.

Upgrade necesario riba e sistema automatico di control na RECIP FASE IV

Riba diaranson, 15 di november 2023, entre 4:00 pa 5:00or di madrugada, lo tuma luga na WEB, un cambio necesario den e sistema di control di motornan RECIP nobo, RECIP IV.

E proceso ta encera un 'upgrade' di e sistema automatico di control di e motornan y na final un test riba e planta completo. E upgrade ta necesario pa por establece comunicacion confiabel entre e sistema di control y su 'backup.'

Pa continuidad di e sistema di distribucion di coriente, e trabounan lo tuma luga 'on-line,' es decir cu e suministro di coriente lo ta den funcion mientras cu ta ehecuta e trabounan.

Semper ta keda existi un posibilidad minimo cu por surgi interrupcion di coriente mirando e magnitud y riesgonan involvi cu e trabou.

E departamentonan di Produccion, Ingeniero di Aplicacion di WEB en cooperacion cu partner Wärtsilä, lo tuma tur precaucion y coordina e trabou di tal forma pa evita cualkier incidente of interrupcion di coriente.

Nos ta spera di por conta cu comprension di comunidad y di antemano ta ofrece disculpa pa posibel inconveniencia.

Dicon e fenomeno di olanan halto na e costanan di Aruba

Tin momentonan cu e olanan na e costanan west y zuid di Aruba ta mas halto cu normal y alabes un poco bruto, mientras cu e tempo na Aruba ta normal. E fenomeno aki di naturaleza no ta sucede pa arte di magia, pero e tin su spli-cacion y ta aparece caba, sigur desde cu e planeta Tera y siguiientemente Aruba a wordo forma.

Pa algun añanan den e decada di 1960 pa 1970 un instituto Americano a haci un investigacion y estudio dje fenomeno aki. Kadaster y Havendienst (awe Directie Scheepvaart), specialmente stuurman Miguel Odor d.f.m. dje lanchanan di loads a duna asistencia. Si mi memoria no ta faya mi un ehemplar dje rapport cu resultado dje investigacion a wordo deponi na Biblioteca Nacional, pero mi ta sigur cu un ehemplar lo ta den e Library of Congress na Washington , E.U. Americano.

E parametronan – periodo dje ola y frecuencia – pa haci e calculacion a wordo midi pa medio di sensoran cu a wordo poni na diferente puestonan den lama. No ta bay den deta-yenan tecnico aki, solamente cu e velocidad di un ola di lama ta depende di cuater factornan fisico dje awa, cua nan ta: tension, rigides, densidad y temperatura. E conclusion dje investigacion y estudio tabata cu e fenomeno aki ta aparece despues cu tabatin tempo malo of horcan, specialmente den region dje costa zuid-oriental di E.U. Americano.

A resulta cu cada bes cu tin tempo malo of horcan cu ta pasa banda dje costa di Cap Hatteras na North Carolina,

e olanan causa pa e tempestad of horcan ta coy direccion pazuid y ta yega Mona Passage entre Republica Dominicana y Puerto Rico. E estrechamento aki cu un profundidad di 100 – 700 meter y hanchura di 128 km, ta causa un tension na e olanan y esaki ta haci un cambio na e frecuencia, largura y velocidad dje olanan.

E olanan ta yega e costa di Nort na unda e lama ta hopi hundo y ta dal normal contra e barancanan, pero nan ta lora rond di Cudarebe y pasa pa e costanan pabao y pazuid. Aki e pendiente dje suela di lama pa e beach gradualmente ta bira mas grandi y pa esey menos profundo. E largura (di top pa top) dje ola ta wordo comprimi, y esaki ta bira mas halto y su velocidad ta disminui.

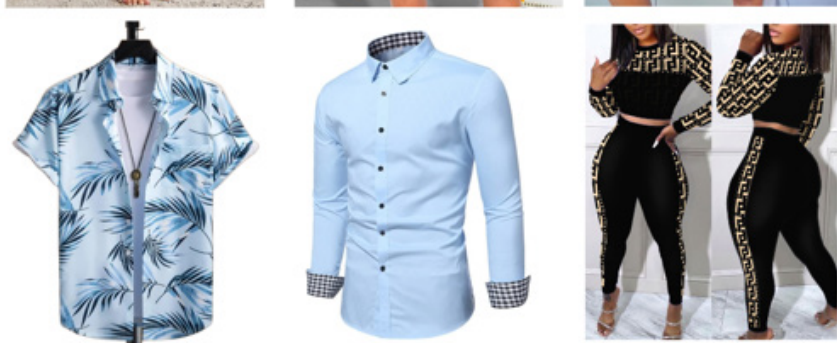

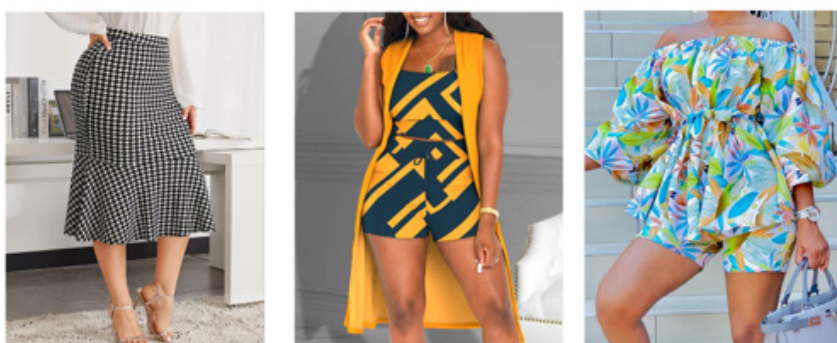

Na salida dje passage e profundidad ta 700m y segun calculacion simpel y no stricto, e largura dje ola aki lo ta 120m y si e ciclo ta un den cada 8 seconde, e velocidad lo ta 15m/s (meter pa seconde) o 54km/ora. E distancia di Mona Passage pa Aruba ta 698km si e profundidad no ta cambia, den 13 ora e ola lo yega Aruba, pero gradualmente e profundidad ta bira menos.

Segun calculacion na un profundidad di 10 meter e velocidad lo ta 4,4 m/s, o sea $4,4\text{m} \times 3600\text{sec} = 15,8 \text{ km/ora}$. Na 1 meter di profundidad esaki lo ta 3,1m/s o sea 11,3 km/ora; e velocidad a baha, pero e ola a bira mas halto y ta kibra cu e surf (branding) na nos beach. Nos por compara esaki cu un mucha cu ta core y diripiente ta haya su mes dilanti di un barera; e mucha por stop (brake) y para, pero e ola no tin rem y ta dal contra e beach cu un forza bruto.

E fenomeno dje ultimo dianan probablemente ta un efecto dje horcan Tammy. Aunke e no a yega masha cerca dje costanan na zuid-oost di USA, segun noticianan el a causa si masha oleahe aya.

E proximo horcan, cu forma, si e drenta Lama Caribe of bay pasa na e costa dje Carolinanan, su biontonan fuerte lo por causa e fenomeno aki.

E ultimo biaha dje evento aki a causa hopi daño na e hotelnan banda di Punta Brabo y esaki ta un aviso pa Aruba cuminsa tuma precaucion. Instituton meteorologico distingui di varios pais ta pronostica cu e nivel di lama, pa motibo dje keintamento di Planeta Tera, pa final dje siglo aki lo a subi gradualmente te cu tres (3) meter.

Bin bishita nos y probecha!

Paña di bon calidad na bon prijs.

Tambe Prinses Beatrix a ricibi informacion tocante e servicionan di telefon, e-mail y chat cu e mentornan ta duna y tur e trainingnan cu e mentornan ta ricibi henter aña. Tambe Prinses Beatrix a ser informa tocante e yamadanan cu e muchanan di e islanan di Bonaire, St. Eustatius y Saba ta haci for di nan isla y cu ta ser contesta door di 131.

Fundacion Telefon pa Hubentud Aruba ta preparando e organisacion pa su proximo 25 aña. Un di instrumentonan importante pa sigura esaki ta su logo. Aña pasa Fundacion Telefon pa Hubentud Aruba a organisa un competencia di pintura bao di muchanan di ocho scol basico y cinco scol secundario. E pintura di e ganado overall di e competencia a ser hinca den un formato profesional door di un diseñador profesional.

E logo ta ilustra un mucha, hoben, adolescente. E logo ta ilustra hende muhe y hende homber. E logo ta e mucha, e hoben, e adolescente cu ta busca/ ricibi asistencia na nos organisacion. E color blauw ta ilustra e derechonan di mucha cu nos organisacion ta funda ariba dje y ta para pe. E outline blauw cu ta forma e mucha/ hoben/ adolescente ta ilustra cu e asistencia di 131 ta rond di e mucha/ hoben/ adolescente, y ta protege e mucha/ hoben/ adolescente contra di tur locual ta stroba su desaroyo y ta strob'e di disfruta di su derechonan.

Durante e bishita di Prinses Beatrix, Prinses Beatrix hunto cu e ganado overall cu ta Sophie-Belle Rafini y Cesar Trovat cu ta di e Consejo Hubenil di Fundacion Telefon pa Hubentud Aruba, a revela e logo nobo. Prinses Beatrix a keda sumamente impresiona cu tur e trabao cu Fundacion Telefon pa Hubentud Aruba ta haci pa nos muchanan, hobennan y adolescentenan. Tambe el a keda sumamente contento di mira cu e muchanan y hobennan di e islanan di Bonaire, St. Eustatius y Saba tambe por tin un opinion y por expresa esaki pa medio di e asistencia di Fundacion Telefon pa Hubentud Aruba.

Fundacion Telefon pa Hubentud Aruba kier a gradici su diferente

partnernan cu ta tuma nan impacto social na serio y ta inverti den e muchanan y hobennan. Un gradicimento ta bay na Setar N.V., Aruba Airport Authority N.V., Web Aruba N.V., The Salamander Group, RBC Royal Bank (Aruba), Watty Vos BLVD, Green Corridor Aruba, DOW, Albo Aruba General Contractors, The Movies Aruba, Telearuba y Media di Aruba.

E vision di Minister Glenbert Croes pa Enseñansa pa Empleo na San Nicolas

Lo enfoca riba e sector di energia

Dialuna 13 di November, a tuma luga na e edificio renoba na Engelandstraat 33 na San Nicolas, e reapertura di Enseñansa pa Empleo. Prome Minister Evelyn Wever-Croes na e ocasion a hiba palabra y a enfatisa cu esaki ta un momento hopi special no solamente pa Enseñansa pa Empleo y pa Gabinete Wever-Croes pero pa henter Aruba. Aruba na e momentonan aki ta den pleno recuperacion. Y esaki institutonan financiero mundial renombra, manera IMF, a cataloga como un recuperacion impresionante despues di e daño grandi cu e pandemia a causa nos. E pandemia a bay cu un kwart di nos GDP y a laga Aruba cu un debe di 916 miyon florin. Durante e pandemia, 1 di cada 2 adulto tawata depende di Gobierno. E pandemia a causa cu desempleo a subi te na 8.8%. E pandemia di berdad a demostra con vulnerabel Aruba ta, dependiendo riba un solo pilar economico. A pesar cu e pilar aki a trece hopi progreso y bienestar economico pa nos pais, nos no por sigui confia riba un pilar so.

Durante e periodo cu Aruba tawata pasando e momentonan crucial causa pa e pandemia, Gobierno di Aruba a dicidi di no solamente recupera y 'bounce back' caminda cu nos tawata ta sino 'bounce forward', pa haci di Aruba un pais mas fuerte y resiliente. Den e publicacion siman pasa di Banco Centraal, ta muestra cu Aruba no solamente a 'bounce back' pero nos ta 'bounce forward'. Un ehempel di esaki ta turismo. E cantidad di turista cu ta yega nos isla ya di basta tempo ta supera e nivel cu e tawata prome cu pandemia. E 'tourism receipt' pa e aña aki ta un 42% mas halto cu prome cu pandemia y ta premira cu pa otro aña e ta sigui crece cu 6.4% mas.

Pa loke ta trata nos economia, e aña aki tin un crecimiento economico di 10% y ta premira un crecimiento di 4.6% pa otro aña. E aña aki, nos GDP ya caba ta 106.7% compara cu prome cu pandemia. Esakinan ta muestra di con fuerte y resiliente Aruba ta birando. Pa loke ta trata desempleo, ora cu esaki a wordo midi aña pasa, mirando cu durante e pandemia desempleo tawata na 8.8%, e cifra a yega na 4.3% cual ta e cifra di mas abou den nos historia. Den un aña di tempo, 2000 cupo di trabou nobo a wordo crea. A pesar cu desempleo bou nos hobennan a baha considerablemente, e ta halto ainda. Esaki durante e pandemia a yega na 25.9% y awo e ta na 9.9%.

Financieramente, den e presupuesto di e aña aki, Aruba a conoce un surplus. Y e cifranan cu ta duna proyeccion anual pa e tempo nos dilanti ta confirma un surplus pa otro aña tambe. Inflacion ta bahando. Aruba e premira un inflacion di 5.5% pa e aña aki pero ta premira cu esaki lo finalisa den 3.2%. Caribe sinembargo ta mirando un inflacion di 11%. "Pues nos a 'bounce back' pero nos kier 'bounce forward', cu mas forza y bira mas

resiliente y pa esaki nos mester diversifica nos economia", Prome Minister a remarca.

E sector cu Gobierno lo enfoca riba dje pa diversifica mas lihe ta e sector di energia. Aki, Enseñansa pa Empleo tin un tarea hopi importante. Covid a siña nos cu como un pais cu kier desaroya, nos mester sigui cambia y adapta na e cambionan cu mester wordo haci. Enseñansa pa Empleo ta yuda ciudadanonan cu no tin trabou, of esnan cu ta desea di cambia trabou of cu ta busca oportunidadnan nobo.

PABIEN NA MINISTER GLENBERT CROES PA SU VISION Y DETERMINACION

Prome Minister ta felicita Enseñansa pa Empleo pa e cambionan importante haci. Despues cu Minister Glenbert Croes a tuma over y apunta un ekipo nobo y a introduci cambionan, durante 2021-2022 tawata tin 600 cursista. Den e aña 2022-2023 tin mas di 1600 cursista. "Pabien Enseñansa pa Empleo pa e cambionan importante aki. Pabien Minister Glenbert Croes, pa su vision y determinacion pa realmente haci un diferencia", Prome Minister a expresa.

Prome Minister ta gradici tur stakeholder cu ta haciendo e proyecto aki posibel. E deseo di Gobierno ta pa cada ciudadano haya un oportunidad digno pa gana su pan y pone cuminda riba mesa pa su famia. Sin stakeholders y doñonan di trabou cu ta coopera, esaki no lo ta posibel.

Enseñansa pa empleo a cuminsa na aña 1988 despues cu refineria Lago a cera. Esaki a crea e necesidad pa introduci un manera pa prepara trahadonan miho pa e turismo cu e tempo ey tawata creciendo. Nos por compara esaki cu Covid. Enseñansa pa Empleo un biaha mas lo yuda pa diversifica nos economia. "Mi tin tur confiansa, bou di liderazgo di Minister Glenbert Croes y señora Sabine de Groot, y trahadonan di Enseñansa pa Empleo y stakeholders cu ta coopera, Aruba lo sigui desaroya", Prome Minister a enfatisa.

Firma di MOU CEDE ARUBA y Fundacion Jantje Beton

Dia 10 november, Stichting Jantje Beton y Stichting Centro pa Desaroyo di Aruba (CEDE ARUBA) a firma un Memorandum di Entendimiento (MOU) importante na Cas di Cultura.

E evento a wordo atendi pa un grupo grandi di interesadonan den nos comunidad, entre otro e sector di turismo, hotelero, banconan, diferente companianan y tambe fundacionnan local y departamentonan di Gobierno. Tur a demostra di tin un interes grandi pa yega na luganan mas adecua y sigur cu ta na beneficio di nos muchanan y hobennan na Aruba.

Jantje Beton ta un organisacion experto ariba realisacion di luganan di hunga pa mucha. Desde 2020 nan a expande nan area di trabou pa henter Reino Hulandes. E realisacion di un speeltuyn nobo na Boneiro dor di Jantje Beton y nan plan pa crea ainda mas luga di hunga na Boneiro, Saba y Sint-Eustatius, awor por bira realidad. CEDE ARUBA a haci'e posibel pa Jantje Beton por a bin Aruba y haci un investigacion riba (luganan di hunga) speeltuyn y nan seguridad aki na Aruba. Desde januari 2023, CEDE ARUBA ta encarga cu e proyecto BARIO UNICO, den colaboracion cu Gobierno di Aruba, Centronan di Barrio y un cantidad grandi di organisacionnan. E forma con pa mehora facilidadnan pa hunga di mucha ta cuadra perfecto den e plan aki. Dia 9 di november, Jantje Beton a ricibi 1,5 miyon euro for di Nationale Postcode Loterij ta pa realisa seis speeltuyn adicional riba e islanan di reino Hulandes, incluso dos pa Aruba.

E acuerdo entre Jantje Beton y CEDE ARUBA a wordo acorda entre Stichting Jantje Beton, representa pa e Director-Gerente, Sr. Dave Ensberg-Kleijkers, Stichting Centro pa Desaroyo di Aruba (CEDE ARUBA), representa pa e director, Sr. Daniel B Tecklenborg. E financiamiento pa e proyectonan lo sali for di e presupuesto anual di e partidonan y/o lo ser solicita na organisacionnan externo manera NGO, sponsornan comercial y particular, fondonan internacional y programanan di Union Europeo.

E colaboracion aki tin un termino di 3 aña, cual lo ser evalua cada aña y cu oportunidad pa eherce e recomendacion den e siguiente aña. Adaptacion den e protocol di colaboracion por wordo haci cu acuerdonan mutuo di e partidonan.

E protocol di colaboracion historico aki a bira activo riba 10 november 2023, dilanti diferente stakeholders cu a duna nan conocimiento y sugerencianan na e dos entidadnan aki cu a firma e acuerdo. E colaboracion aki ta personifica e dedicacion y compromiso di tur dos organisacion cu e mesun meta cu ta na bienestar di muchanan y hobennan na Aruba y den Reino Hulandes. Un otro meta cu CEDE ARUBA kier alcanza pa mehoracion den estilo di bida den barionan na ARUBA.

Edmarc Kock a gradua como Bachelor den OGM

Diaranson 8 di November 2023, Edmarc a defende su tesis exitosamente y a obtene su titulo di Bachelor of Arts. Esaki a sosode dilanti di e comision di graduacion cu tawata consisti di Edward Erasmus, M.A., Helmut Vink, LL.M. M.A. y drs. ing. Michael Raymond, ken ta Manager Afvalinzameling Serlimar SG. Ademá tabata presente decano di Facultad di Arte y Ciencia, dr. Mieke de Droog, famia di Edmarc, invitado y docente di Universidad di Aruba.

E titulo di Edmarc su tesis ta “Collaborative Governance: A Case Study on Waste Management in Aruba Prior to the 2021 Aruban General Election”. Edmarc a investiga con gobernacion colaborativo por a contribui na reto di maneho sostenibel di desperdicio (sushi) na Aruba prome cu e eleccion general di Aruba na 2021.

Cu e investigacion aki, Edmarc kier a demostra cu gobernacion colaborativo por ta exitoso si tur organisacion traha hunto pa combati e retonan di desperdicio na Aruba. E investigacion a demostra e importancia y tambe varios beneficio pa Aruba y mayoria di e organisacionnan relaciona cu desperdicio.

Edmarc a colabora cu diferente organisacion den e sector di desperdicio y a base di e resultadonan di e investigacion, a duna diferente recomendacion. Informacion y recomendacion di e diferente organisacionnan cu a participa den e investigacion a yuda Edmarc cu e proceso di formulacion di su recomendacionnan.

E recomendacionnan proponi ta entre otro: establece un mision y un vision distinto, desaroya plan di accion cu ta enfoca riba paso cortico, envolve mas organisacion pa participa den maneho di desperdicio y educa/conscientisa e pueblo di Aruba tocante e importancia di mantencion di desperdicio.

Rhythms Circus Company (RCC Aruba) ta conoci localmente pero tambe mundialmente pa nan logronan increibel den e mundo di circo. E grupo a representa Aruba na un nivel internacional y a gana varios premio y reconocimiento pa nan talento y profesionalidad. Nan a presenta riba e scenarionan di mas grandi y popular, manera America's Got Talent, Budapest Circus Festival, Hippodrome England, y hopi mas.

N'e comienso di october 2023, RCC a cuminsa cu un reta grandi pa asina nan por sigui hiba Aruba su nomber dilanti internacionalmente. E biaha aki, nan a biaha mas di 14,000km di Aruba t'e cu China pa representa nos isla na e Wuqiao International Circus Festival. E evento aki ta un tradicion na China pa 36 aña caba, y e ta conoci pa uni e miho acrobatnan na mundo.

E biahe pa China a dura 3 dia largo, pero ta algo cu, pa RCC Aruba, tabata bale la pena. Nan a acepta cu hopi orguyo pa tin e honor di representa nos isla y competi riba e mesun escenario hunto cu otro gruponan sumamente talentoso den nan linea di trabao. E grupo di acrobacia local a keda na China pa 3 siman pa por prepara adecuadamente y train riba un escario nobo.

Manera ta conoci, RCC su acto mas popular ta encera un circulo di candela cu un di e artistanan balente ta bula door di dje; algo cu ta pone curason di e publico bati asina duro cu bo por casi scuch'e. Lastimamente, pa motibo cu no tabata permiti candela den e lugan di e evento, RCC a haya nan mes forza pa sigui cu e show den un diferente manera y experimenta cu efectonan di luz na lugan di candela. Asina mes, nan tabata tin e publico completamente gana cu tremendo reaccion y aplauso. "E tabata un experiencia espectacular cu nunca nos lo lubida, y nos ta hopi agradecido pa e oportunidad." Diego y Yamila, e dos directornan di RCC Aruba, ta nota.

Recientemente, RCC a regresa Aruba pa sigui demostra nan talentonan localmente. Bo por wak nan tur diaranson y diabierna na D&Y Cabaret (Paseo Herencia Ballroom) pa experiencia e emocion pa bo mes, y wak e maravioso acto di candela dilanti bo wowonan. E grupo talentoso aki ta invita un y tur pa bin disfruta di un experiencia unico pa solamente AWG 25 pa persona, un prijs special cu nan ta ofrece actualmente na tur local pa celebra nan regreso.

Tur reservacion por wordo haci directamente riba nan website www.rccaua.com, unda cu tambe tin mas informacion di cada show. RCC ta conta cu e apoyo di pueblo pa nan por sigui desaroya nan talento y destaca internacionalmente mientras nan ta representa nos isla chikito den exterior; reforsando e concepto cu Aruba, maske chikito, tin un abundancia di talento pa ofrece.

Pa mas informacion, por follow RCC riba [Facebook](#), [Instagram](#), [Tiktok](#), of bishita nan website na www.rccaua.com.

Riba e 'Herdenkingsjaar Slavernijverleden'

Minister Maduro a hiba discurso n'e encuentro di Genootschap Nederland Aruba

Aduna un bista financiero/economico di Aruba y a indica unda Aruba ta para den e aña di conmemoracion di 160 aña di abolicion di sclavitud den Reino Hulandes

Diasabra atardi Minister Maduro di Finansa y Cultura tabata invita pa e Genootschap Nederland Aruba (GNA) pa duna un discurso den cuadro di e 'Herdenkingsjaar Slavernijverleden.' Prome cu a bay riba e topico di e encuentro na ocasion di 26 aña di existencia di GNA, e mandatario a tuma tempo pa asina brinda algun informacion financiero y economico di Aruba, pa asina e publico presente por ta na altura di e recuperacion cu Aruba a conoce despues di e pandemia.

Aruba ta conoce un recuperacion grandi

Minister Maduro a splica cu turismo a aumenta, reformanan necesario a wordo introduci, debe relata na nos GDP a conoce un rebaho, deficit a bira surplus, credibilidad financiero a aumenta, evaluacion positivo cerca IMF y CFATF, y desempleo a baha na un nivel historico. Tur ta señalnan positivo di Aruba su recuperacion grandi despues di e pandemia cu tabata un sla basta duro pa Aruba.

Conscientisacion riba historia di sclavitud na Aruba

Pa locual ta e tema di 'Herdenkingsjaar Slavernijverleden,' Minister Maduro a splica kico tur Aruba a bin ta haci pa brinda informacion riba e topico di sclavitud na Aruba, cu pa largo tempo no tabata conoci of no tabata wordo papia di dje na Aruba. E mandatario a informa cu a crea un comision special cu a percura pa traha encuentro cu stakeholders, produci videonan y

dialogonan informativo riba e topico di sclavitud na Aruba, cu e meta pa conscientisa riba e parti di e historia comparti aki den Reino Hulandes.

'Strafrente' ta un forma nobo di sclavitud

Durante su discurso e mandatario a expresa su decepcion pa e manera con di un banda dentro di Reino Hulandes ta brinda despensa pa e historia di sclavitud, pero di otro banda den e negociacionnan pa refinancia y paga bek e debe haci cu Hulanda pa sobrevivi e pandemia ta experencia un trato cu ta hiba nos bek 160 aña atras den historia, den e tempo cu e colonianan mester a produci ganashi. Minister Maduro a splica cu di parti di e departamento di BZK cu cual e team di Aruba a hiba negociacion, nan por a haci miho cu duna un interes di 6.9% cu a lo largo di e 20 añanan cu Aruba ta haya pa paga e debe, lo resulta den un ganashi di 300 milyon florin riba cabes di e Pueblo Arubano. Ta trata aki di un yudansa pidi basa riba articulo 36 di Statuut den tempo di un pandemia y duna un 'strafrente' pa esaki no ta un trato cu ta refleha un despensa y ta mas bien un forma nobo di sclavitud.

Despensa ofreci ta perde su valor

Minister Maduro a recorda esnan presente riba e reaccion di Prome Minister sra. Evelyn Wever-Croes riba

e despensa ofreci pa sr. Mark Rutte den nomber di Estado Hulandes dia 19 di december 2022 cu ta bisa, 'een welgemeend excuus is altijd welkom.' Cu e trato cu Aruba a haya den e negociacionnan pa refinancia e debe di e pandemia y e 'strafrente' duna, e esencia di e despensa ta perde su valor.

Ta para tur trabou 'tot nader orde'

Na final di e discurso Minister Maduro a informa esnan presente cu Ministerio di Finansa y Cultura lo no forma parti mas di e agenda pa conmemora e abolicion di sclavitud den Reino Hulandes. Ta para tur trabou 'tot nader orde.' Motibo principal pa esaki ta e manera di trata cu otro den e negociacionnan pa refinancia e debe di e pandemia, y e 'strafrente' di 300 milyon florin cu e Pueblo di Aruba ta haya pa paga pa un yudansa basa riba articulo 36 di Statuut.

Apelacion pa reflexion

Minister Maduro a finalisa su discurso cu un apelacion pa un reflexion profundo den Reino Hulandes pa asina realmente nos por sana di e pensamiento y trato cu a hiba na tanto falta di respet y comprension. E mandatario a gradici e Genootschap Nederland Aruba pa e espacio pa por a trece informacion valioso dilanti cerca nan miembronan cu ta hiba Aruba semper den nan pensamiento y curason.

Slaven zijn net kippen:

18 verhalen en gedichten over slavernij in de Cariben

Jeroen Hoogerwerf a regala biblioteca su buki 'Slaven zijn net kippen : 18 verhalen en gedichten over slavernij in de Cariben'.

Esaki ta un compilacion di storia y poema. E buki a keda ilustra pa artista local Vanessa Paulina.

Esaki ta un buki pa mucha tocante sclavitud. Tin storia tocante humiliacion, lucha, curashi y libertad. Ta e deseo di e autor cu e storianan ta contribui na mas conocimiento di sclavitud y ta kibra cu cadena, malcomprendimento y ignorancia.

Pasobra nos tur ta ser humano y nos ta propiedad di nos mes. E buki ta den coleccion di biblioteca hubenil. Mucha por fia esaki.

(Bundeling verhalen en gedichten over slavernij in de Cariben. Met gekleurde illustraties. Vanaf ca. 10 jaar. Verhalen van vernedering, van moed en van vrijheid. Hopelijk dragen de verhalen bij aan het verbreken van de ketenen, de ketenen van onbegrip en onwetendheid. Omdat we allemaal mensen zijn en iedereen van zichzelf is.)

Logo nobo di 131 ariba tur rotonde

Ariba 9 di november ultimo Fundacion Telefon pa Hubentud Aruba a revela su logo nobo. Despues di 24 aña Fundacion Telefon pa Hubentud Aruba/ 131 ta cambia di logo. Agradecido na e representacion cu e logo existente a haci pa nos organisacion durante 24 aña, nos ta tuma despedida di dje. Mirando tur e servicionan nobo cu nos organisacion ta dunando y cu den futuro cercano lo bin acerca, y asina aki prepara nos organisacion pa e siguiente 25 aña.

Nos a duna e mucha/ hoben di Aruba e oportunidad durante un competencia di pintura pa yuda nos yega na nos logo nobo. Un diseñador profesional a ahuste e pintura ganado overall den un formato profesional.

E grupo di meta di e servicionan di 131 ta mucha, hoben y adolescente di 8 pa 24 aña. Banda di e grupo meta 131 ta traha cu diferente partner. Un di e partnernan mas importante di 131 ta e mayornan. Mescos cu 131 ta informa su grupo di meta, e partnernan y sigur e mayornan tambe mester

wordo informa. Pa por informa mayornan tocante di e logo nobo, y den cuadro di e celebracion di 24 aña di Fundacion Telefon pa Hubentud Aruba y celebracion di dia nacional y Internacional di derecho di mucha, ariba 20 di november e rotondenan na Aruba lo tin e bandera cu e logo nobo di 131. E banderanan lo ser poni di 20 te cu 27 di november. Asina aki famia completo por tira un bista mas di cerca di e logo nobo di 131.

Pa por a yega na tur e banderanan pa cada rotonde na Aruba, RBC Royal Bank (Aruba) a sostene 131 den esaki. RBC Royal Bank (Aruba) ta kere firmemente den derecho di nos muchanan y ta sostene iniciativanan cu ta salvaguardia esaki.

Tambe nos kier a gradici nos partnersnan cu ta tuma nan impacto social hopi serio y ta inverti den e muchanan y hobenan. Un gradicimento ta bay na Setar N.V., Aruba Airport Authority N.V., Web Aruba N.V., The Salamander Group, RBC Royal Bank (Aruba), Watty Vos BLVD, Green Corridor Aruba, DOW, Albo Aruba General Contractors, The Movies Aruba, Telearuba y Media di Aruba.

Universidad di Aruba ta homenahe su miho graduadonan

Un biaha mas graduadonan a logra capta atencion di Universidad di Aruba y e facultadnan pa un conclusion di estudio di nivel halto. Un biaha mas, Universidad di Aruba a reconoce un grupo di graduado kendenan a sobresali danki na un investigacion exhaustivo y tesis cu ta sirbi como herment pa maneho. Nivel di educacion ta ilustra den nivel di investigacion y tesis y esaki ta motibo tambe pa kico tur aña Universidad di Aruba ta organisa e ceremonia di 'Student Award' cu ta conta tambe cu sosten di diferente compania cu ta patronisa e reconocimiento.

Student Thesis award Reconocimiento di Tesis

OGM: Mary-Jay Thijsen

Meta di e investigacion di Mary-Jay tabata pa duna un bista di e retonan den e prestacion organisatorio cu e empleadonan di e organisacion di proteccion di mucha, Directie Voogdijraad, a encontra prome cu y durante e crisis pandemico di Covid-19. E pregunta central di e investigacion ta; "Cua retonan den e prestacion organisatorio tabata presente na Directie Voogdijraad prome cu y durante di e crisis pandemico di Covid-19 y cua strategia di implementacion por yuda e organisacion mehora su prestacion organisatorio?" E metodologia cu a uza pa e investigacion aki ta di caracter cualitativo y ta compaña pa un casestudy. E estudio a indica cu por lo general e

retonan tabata; falta di recurso (alohamento, herment, presupuesto, trahado, monitoriamiento y evaluacion, y guia); limitando ley y maneho; comunicacion insuficiente cu organisacionnan externo, falta di proteccion y seguridad den veld, y recidivismo door di falta di guia di famia. E retonan specifico di COVID-19 tabata falta di accesibilidad, e link kibra entre e victimanan y e reporteronan; e dinamica di oficina cu tabata deteriora y e salud mental di e empleadonan; y e cortenan den presupuesto.

Strategianan pa mehora e prestacion organisatorio ta; participacion di mucha; reconocimiento y priorisacion di DVR como parti di respons riba crisis; fortificacion di personal (curso, monitoria y evalua e sistema, presupuesto, herment y personal); crea un acercamento mas resiliente (supervision, apoyo di colega, guia y sesionnan di reflexion cu ta ripiti); un sistema di comparti data cu ta efectivo, eficiente y cu ta tene cuenta cu e mucha.

FEF: Viveka Bulchandani, nos graduado di e programa FEF, a ricibi un distincion Cum Laude remarcabel pa aña 2023. Pa su experiencia den nabega e Mercado Financiero y duna informacion valioso tocante rekisito-, habilidad- y caracteristanan esencial pa e profesionalnan jong di Aruba por ta exitoso.

Den e era digital di awendia, inverti a bira popular riba medionan social, pero comprende e

concepto por ta abrumador. Door di su biahe academico como estudiante di e programa FEF, Viveka a adkiri un fundamento riba finansa cooperativo, cu a dun'e herment pa sigui explora e mundo di inversion. Pa medio di e investigacion di su tesis, el a explora e elementonan esencial pa profesionalnan jong Rubiano ta exitoso riba mercado financiero, destacando e reto- y oportunidadnan unico di Aruba.

Cada pais tin su propio set di balor y principio cu ta forma nan definicion di exito. Viveka su tesis a enfoca riba presencia di dos carchi di score; un interno y un externo. E carchi di score interno ta pone enfasis riba balor y principio personal, mientras esun externo ta draai rond di factor externo manera status social. Na Aruba, e carchi di score externo tin e tendencia di influencia tumamento di decision, forsando individuonan pa adopta un actitud anti-riesgo y priorisa seguridad. Comprondemento di e dinamica aki ta crucial pa por nabega exitosamente riba e mercado financiero.

FHTMS: Liraysa Ponson Liraysa tabata e estudiante perfecto. Dedicacion y disciplina pa completa trabou cualitativo durante ful su carera na 'Facultad of Hospitalidad y Turismo Management Studies' (FHTMS) Actualmente e ta haciendo su estudio di Master den Organizacion na Universidad di Tilburg na Hulanda.

Titulo di su Tesis: Factornan Relaciona cu e Escogencia pa Muda bek Aruba Unabes cu a Gradua.

Abstracto: Sigui un estudio den exterior ta prepara e studiantenan pa bira especialista den e mundo globalisa y beneficia di internacionalisacion. Aruba ta permiti studiantenan local pa sigui un estudio den exterior door di ofrece nan un fianza di estudio. Aunke cu esaki na prome bista por parce un gesto simpatico, e ta crea tambe simultaneamente un braindrain pa e isla. Hopi estudiante ta opta pa keda den exterior enbes di bolbe bek nan pais of falta termina nan estudio. Esaki ta nifica cu Aruba no ta haya bek e inversion di e fianza, door di cu e e conocimiento ta keda den exterior. Of e studiantenan ainda falta haya e conocimiento. E estudio aki tin como meta identifica e factornan relaciona cu e escogencia pa no bolbe bek Aruba unabes cu a gradua, y haya conocimiento di e motibo pakico e factornan ta di influencia riba nan escogencia, y simultaneamente identifica cua posibel cambio por haci pa asina motiva mas estudiante pa muda bek pa Aruba. E estudio aki lo uza un acercamento cualitativo cu un entrevista semi-estructura cu estudiante cu ta studiando na Hulanda. E entrevistanan lo wordo transcribi y codifica despues den NVivo. Despues di analisis di data e resultadonan a indica cu e studiantenan tin

un percepcion positivo di Aruba, pero cu nan ta tambe bon consciente di e aspectonan negativo. E factornan mas relaciona cu e escogencia pa bolbe bek ta inclui, oportunidad di empleo, inversion den educacion y menos corrupcion y faboritismo den gobierno.

Social Work & Development:

Stephanie Ferreira Torres

Titulo di e tesis aki ta: “Nos como mayor no sa” – Importancia di Educacion Sexual pa Mucha cu Descapacidad Intelectual: Percepcion di Ciudadonan. Tin un gap den investigacion relaciona cu educacion sexual den Caribe specialmente pa mucha cu discapacidad. P’ese, meta di e di e investigacion aki tapa haya comprendemento di e percepcionnan di dunadonan di cuido di mucha cu discapacidad mental pa loke ta educacion sexual y pa ofrece recomendacion na e grupo di cuidado, e organizacion y gobierno.

SISSTEM- Armand Kelly

E aña aki, nos ta rindi honor na Armand

Kelly pa su investigacion sobresaliente, titula “Análisis comparativo di Emision di CO2 di Diesel y Busnan Electrico: Un Case-study di Aruba Airport Authority N.V.” Armand su dedicacion y determinacion ta realmente remarcabel.

Balansando un trabou fultime na Aruba Airport y e responsabilidadnan di un famia mientras e ta sigui educacion mas halto no ta wega. Su tesis ta pone luz riba e retonan unico di islanan chikito manera Aruba den nan lucha pa sostenibilidad den transporte. Armand su investigacion no ta solamente destaca e retonan aki, pero ta ofrece tambe recomendacionnan aceptabel pa guia nos den direccion di un futuro mas sostenibel.

Su compromiso cu conocimiento avansa y haci un impacto positivo ta un inspiracion pa nos tur. Please join mi den felicita Armand Kelly cu e logra bon mereci aki.

Finalmente, masha pabien na tur studiantenan y danki na e commission organisatorio di Student Ambassador Awards.

Parlamentario Shailiny Tromp-Lee:

Premio Excelencia den Deporte tabata impresionante

Diabierna anochi a reconoce e atletanan cu a destaca den 2022. Un tremendo anochi di gala hopi bon hinca den otro y caminda e ambiente tabata tremendo. Hendenan emociona y contento pa e reconocimiento cu nan mes of un miembro di nan famia a ricibi.

A nomina en total 130 atleta cu riba e anochi aki a ricibi nan medaya y certificado. Sigur un momento hopi special tabata ora a reconoce 27 entrenado pa nan contribucion voluntario na desaroyo di deporte na Aruba. Ta años di sacrificio y dedicacion, pero mi ta convenci cu e la of ta keda haci di curason.

Otro parti cu a impacta ta ora a otorga na 10 baluarte deportivo e Premio Excelencia den Deporte pa nan dedicacion grandi y valioso na desaroyo di deporte di Aruba. Memey di nan tin personanan cu mi a traha cu nan durante Weganan di Reino (2002-2010) y / of Softballbond. Mi ta contento cu a duna nan e reconocimiento special aki.

Algo completamente nobo durante e anochi aki ta cu a reconoce seis 6 atleta Olimpico pa nan esfuerzo y pa promove e balornan olimpico. Nan a ricibi un certificado y pin di Olympians for Life (OLY) for di World Olympians Association.

Un anochi asina ta hopi importante pa e mundo deportivo. Ta crea e momento pa elogia y aplaudi trabounan duro di nos atleta y coachnan. Sin lubida e mayornan cu ta haci esaki posibel. E ta fungi tambe como motivacion pa otronan, pasobra un cos ta sigur, e anochi ta yena bo di orguyo.

Pa finalisa mi kier a felicita tur nominado, ganado, baluarte, atleta Olimpico y nan famia. Tambe mi kier a felicita e comision organizado y di premiacion. Tremendo trabou. Mas cu claro mi mester duna un gran palabra di pabien na Minister Endy Croes cu e anochi impresionante aki y ta gradici'e cu mi por a forma parti di Premio Excelencia den Deporte 2022 y hasta por a otorga diferente premio.

Tartaleta de Manzana

Una tarta tatin de manzana dulce y afrutada es un postre clásico de otoño que no es demasiado cliché. Seguramente impresionará a cualquiera para quien lo prepare con su dulzura picante. ¡Compártelo con amigos o simplemente disfrútalo tú mismo!

Receta

TIEMPO PREVIO: 3 horas 5 minutos

HORA DE COCINAR: 20 minutos

TIEMPO TOTAL: 3 h 25 min

4SERVICIO

Ingredientes:

Masa

1 3/4 taza de harina para todo uso

1/2 cucharadita Sal kosher

1/2 taza de agua tibia

Capa de mantequilla

6 1/2 onzas Mantequilla sin sal

3 cucharadas Harina para todo uso

1/4 cucharadita Sal

*2 cucharadas. Harina para todo uso

Adición

4 cucharadas Mantequilla sin sal

1/2 taza de azúcar moreno

1/2 cucharadita Sal kosher

1/2 limón grande, en jugo

3 manzanas grandes

Direcciones:

1 – Masa - Combine la harina, la sal y el agua en una batidora equipada con paleta o en un bol.

2 - Mezcle y luego amase de 5 a 8 minutos hasta que la masa esté suave.

3 - Retirar la masa de la batidora y envolver. Descanse y enfríe la masa de 30 minutos a toda la noche.

4 - Capa de mantequilla - Mezcle la mantequilla y la harina en el tazón de una batidora de pie equipada con una paleta o en un tazón con una madera lisa. Mezcle hasta que quede suave, pero no airee.

5 - Con una envoltura de plástico o papel pergamino, forme un cuadrado de 6" x 6" con la mezcla de mantequilla.

6 - Si la mantequilla no está blanda, haga la primera vuelta: enrolle la masa hasta que mida 6" x 16", luego dóblela en tercios como una letra. Repita por un segundo turno, luego enfríe en el refrigerador durante 30 minutos. Repita dos veces, para un total de 6 vueltas, descansando en el refrigerador entre cada dos vueltas.

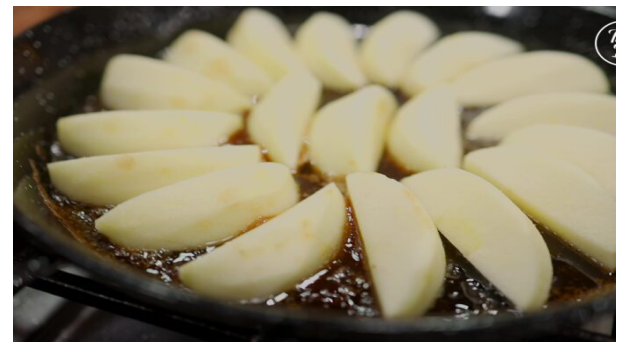

7 - Después de 30 minutos de reposo después del sexto giro, extienda la masa hasta que tenga un espesor de 1/4".

8 – Cobertura - Hierva los ingredientes del caramelo en una cacerola, luego viértalos en una sartén de 10 "o en un molde para pasteles forrado con papel pergamino.

9 - Descorazona y pela las manzanas, luego córtalas en ocho trozos. Organizar en un círculo concéntrico en la sartén.

10 - Cuando esté listo para hornear, corte el hojaldre en forma redonda y colóquelo encima de las manzanas (el hojaldre debe estar recién sacado del refrigerador cuando lo hornee).

11 - Hornee en un horno a 200°C / 400°F durante 10 minutos, luego baje el horno a 190°C / 375°F y hornee hasta que la masa esté dorada, unos 20 minutos más.

12 - Deje enfriar durante 15 minutos, luego voltee sobre un plato, espere otros 5 minutos para que se enfríe un poco, luego córtelo y sirva con helado de vainilla.

“Senjor ta mi wardador, Mi no tin falta di nada;
Den cunucu di yerbe berde, E ta ponemi sosega.
E ta hibami na awa trankil, Pa mi bolbe hanja forsa.”

Parlamentario Ricky Hoek (MEP): Comision Labor ta enfoca riba regulacion di desempleo y sistema di siguridad social

Parlamentario Ricky Hoek den su funcion di presidente di Comision fiho di Labor di Parlamento di Aruba ta duna un relato encuanto un reunion riba e 'Propuesta di Reforma di Pakete di Pais' (hervormingsvoorstellen Landspakket).

Contenido di Pakete di Pais

E paquete di pais ta reparti den 8 diferente tema poni bou di e letternan A te cu H, entre otro: maneho financiero, reforma economico, cuido y educacion. Tema E cu ta e 'Reforma Economico' tin dos obhetivo. Un di nan ta pa realisa un sistema di siguridad social solido y pagabel cu ta pone incentivo na e luga corecto. Comision fiho di Labor ta enfoca su mes mas riba tema E.

Regulacion di desempleo y sistema di siguridad social

Un di e puntonan cardinal cu a bin dilanti durante di e presentacion, tabata e regulacion di desempleo cu ta cay bou di tema E 'Reforma Economico'. Na april di e aña aki, Departamento di Labor a sigui traha riba e 'regulacion di desempleo'. Segun Departamento di Labor, ta importante pa bin cu un plan pa fortalece e siguridad social na Aruba. Por ehempel, den caso cu un persona perde trabou na e momento aki, y e no

logra haya un otro, e lo mester haci peticion pa ricibi bijstand.

Pa evita cu personanan ta bay den e sistema di bijstand, a propone e idea pa introduci un 'Fondo di Seguridad Social' caminda e prima di cesantia por bay aden y ta uza esaki na momento di desempleo. A base di combersacionnan cu e ekipo di gobierno ta hibando cu diferente stakeholder riba e tema di labor, a bin un proposicion riba mesa. E idea pa un 'Fondo di Seguridad Social' ta parce di tin e sosten di tanto e dunadonan di trabou como tambe e sindicatonan.

Trabou di Parlamento

Parlamentario Ricky Hoek a puntra tanto na Minister di Labor y Departamento di Labor kico ta e siguiente pasonan. Di parti di gobierno a duna di conoce cu a base di investigacion existente y/of adicional, lo desaroya y implementa un proposicion pa cu e sistema di siguridad social.

Por ultimo presidente di e comision Sr. Hoek, ta vocifera cu mediante reunionnan structural di e Comision fiho di Labor, Parlamento di Aruba lo sigui controla e proceso y desaroyo di e paquete di pais pa e lunanan nos dilanti.

PROUD SPONSOR OF ARUBA’S CARNIVAL 70

**GUARDIAN GROUP FATUM
HONOURS CULTURAL HERITAGE**

Proud Sponsor of Aruba's Carnival 70

Guardian Group Fatum honours cultural heritage

ARUBA'S largest cultural celebration, Carnival, is commemorating 70 years of existence, and the renowned insurance company in the Caribbean, Guardian Group Fatum, is proud to be one of the main sponsors of this grand event. This is in collaboration with the Foundation Maneho di Aruba su Carnaval (SMAC). Additionally, reaffirming their commitment to Aruba's vibrant cultural heritage, Guardian Group Fatum is pleased to support the Carnival events of Caiso & Soca Monarch organized by the Musica Foundation.

The carnival season kicked off on Saturday, November 11, 2023, and the activities will begin with the Torchlight Parade on January 6, 2024. Guardian Group Fatum recognizes the immense cultural and social importance of Aruba's carnival and is proud to contribute to the success of this grand celebration. The collaboration with SMAC and Musica Foundation underscores the company's dedication to supporting the community and preserving the traditions that define Aruba.

Carnival is a platform for unity, joy, and pride, and with this sponsorship, Guardian Group Fatum is honoured to contribute to the overall experience of the 70th-anniversary celebration.

"We firmly believe in Aruba's cultural heritage, and Guardian Group Fatum is excited to be an integral part of Carnival 70. Our collaboration with SMAC and Musica Foundation reflects our deep dedication to the Aruban community, and we look forward to contributing to the joy and activities that define this impressive cultural event," according to Mrs. Barbara Pochettino and Mr. Olivier van de Gevel, Managing Directors of the insurance company.

Guardian Group Fatum invites the entire Aruban community to join and celebrate this grand event. A season filled with

music, color, and joy. Let us together create beautiful memories of Aruba's Carnival that will last for years to come.

Scheduled Maintenance for System Enhancement

Necessary Upgrade to RECIP Phase IV Control System

ON November 15, 2023, between 4:00 AM and 5:00 AM, a crucial upgrade to the control system of the RECIP Phase IV engines will take place on the WEB. This process involves upgrading the automatic control system of the new RECIP IV engines, followed by a comprehensive test of the entire plant. The upgrade is essential to establish reliable communication between the control system and its backup. To ensure the continuity of the power distribution system, the work will be conducted online, meaning that the power supply will

remain functional throughout the execution of the tasks. While every precaution will be taken, there is a minimal possibility of a power interruption due to the magnitude and risks associated with the work. The Production and Application Engineering departments of WEB, in collaboration with Wärtsilä, our partner, will coordinate the work to avoid any incidents or power interruptions. We appreciate the understanding of the community and apologize in advance for any potential inconvenience.

Zulema Dabian-Erasmus Appointed as Aruba's Minister Plenipotentiary in Washington

A press conference held on Monday afternoon, Prime Minister Evelyn Wever-Croes announced the appointment of Mrs. Zulema Dabian-Erasmus as the next Minister Plenipotentiary to Washington. Prime Minister Wever-Croes emphasized the significance of this role, noting that the appointed official would assist the Government of Aruba and its people in achieving specific goals, building upon the accomplishments of Mrs. Joselin Croes during her tenure as Minister Plenipotentiary in Washington.

During her five years in office, Mrs. Croes, as a government representative for Aruba, successfully negotiated various agreements that greatly benefited the country. She organized virtual meetings for female entrepreneurs from Aruba and Curaçao, collaborated with the Consul General of Miami and other stakeholders. Mrs. Croes also participated in IMF and World Bank meetings, attended UN General Assembly meetings alongside the Prime Minister or any Aruban Minister present, contributed to maintaining a favorable tier in the TIP report, and played a role in the renegotiation of the agreement between Aruba and Custom Border Patrol in Washington. Additionally, she facilitated cooperation agreements with different universities and educational institutions in the United States, providing opportunities for Aruban students to undertake internships. Mrs. Croes also achieved an agreement between the Government of Aruba and the University of Aruba to reduce tuition fees and align them with in-state tuition, allowing Aruban students to pay tuition at schools that reached agreements with the government, similar to American students.

Prime Minister Wever-Croes explained the process of selecting a new Minister Plenipotentiary, noting that the MEP party proposes a candidate for the position in the Netherlands, while the RAIZ party proposes a candidate for the position in Washington. The criteria for selecting a new Minister Plenipotentiary in Washington shifted, emphasizing the need for a person with experience and knowledge of international relations who has already worked in the

government. Based on these criteria, Mrs. Dabian-Erasmus was proposed, meeting all the requirements as a well-prepared individual with the necessary qualities to represent Aruba in Washington.

Mrs. Dabian-Erasmus studied international relations in the Netherlands, graduating in 2005. She currently works in the Department of Economic Affairs and serves as a part-time lecturer at the University of Aruba.

The Prime Minister expressed confidence that Mrs. Dabian-Erasmus would represent Aruba with dignity in Washington for the next four years. She will travel to Washington to receive the transition from Mrs. Joselin Croes before assuming her new role as the director of Arubahuis.

The Aruban government expressed gratitude to Mrs. Joselin Croes for her five years of dedicated work for Aruba in Washington and wished Mrs. Dabian-Erasmus much success in her new position.

RCC Aruba Takes Center Stage in China, Representing the Island Internationally Aruba to China with Rhythms Circus Company

RHYTHMS Circus Company (RCC Aruba), renowned locally and globally for their incredible achievements in the circus world, has once again represented Aruba on the international stage. The group has garnered numerous awards and recognition for their talent and professionalism, performing on some of the largest and most popular stages worldwide, including America's Got Talent, Budapest Circus Festival, Hippodrome England, and many more.

In early October 2023, RCC embarked on a significant challenge to showcase Aruba's name internationally. This time, they traveled over 14,000 km from Aruba to China to represent the island at the Wuqiao International Circus Festival. This event has been a tradition in China for 36 years and is known for bringing together the best acrobats worldwide.

The journey to China lasted three intense days, but for RCC Aruba, it was undoubtedly worthwhile. They proudly accepted the honor of representing the island and competing on the same stage with other highly talented groups in their field. The local acrobatics group stayed in China for three weeks to prepare adequately and practice on a new stage.

As known, one of RCC's most popular acts involves encircling a ring of fire while a brave artist moves through it—an act that captivates the audience's hearts. Unfortunately, due to fire restrictions at the event venue, RCC had to adapt their show with different lighting effects. Nevertheless, they successfully engaged the audience, receiving tremendous reactions and applause. "It was a spectacular experience that we will never forget, and we are grateful for the opportunity," noted Diego and Yamila, the two directors of RCC Aruba.

Recently, RCC returned to Aruba to continue showcasing their talents locally. You can catch their performances every Wednesday and Friday at D&Y Cabaret (Paseo Herencia Ballroom) to experience the excitement for yourself and witness their awe-inspiring fire act. The talented group invites everyone to come and enjoy this unique experience for only AWG 25 per person, a special price they currently offer to celebrate their return.

Reservations can be made directly on

their website www.rccaua.com, where you can also find more information about each show. RCC relies on the support of the community to continue developing their talent and achieving international recognition while representing our small island abroad, reinforcing the concept that Aruba, despite its size, has an abundance of talent to offer.

For more information, follow RCC on Facebook, Instagram, TikTok, or visit their website at www.rccaua.com.

Fueling Anti-Migrant Sentiment

Political Divides Emerge Among Venezuelan Migrants

IN the midst of the new migrant crisis, discussions among Venezuelan migrants have taken a divisive turn, with political agendas further polarizing opinions. Texas Governor Greg Abbott's decision to bus Venezuelan migrants to Vice President Kamala Harris' residence and Florida Governor Ron DeSantis flying them to Martha's Vineyard to influence Democrats on border policies has sparked a social media uproar among Venezuelans.

Diego Scharifker, founder of pro-Democratic advocacy group Venezolanos con Biden, expresses concern over Venezuelans being used as a "political tool," particularly when the migrants don't fit certain stereotypes. The visible divide is exemplified by reactions to the busing of migrants, with some decrying it as "dehumanizing" and others celebrating it, highlighting the impact of Venezuela's internal polarization on migrants in the U.S.

Republicans, known for using the Venezuelan migrant narrative, see the recent events as an opportunity to reinforce their stance. However, some conservative Venezuelans, like Astrid Mattar, accuse both parties of using migrants for political gain. Mattar criticizes liberals' "hypocrisy levels" and points to Biden's deportation actions, claiming that

despite signs welcoming immigrants, locals promptly relocated Venezuelan migrants sent by DeSantis.

Daniel Di Martino, a conservative political commentator, expresses disappointment in Biden's foreign policy decisions regarding Venezuela. He notes that the easing of sanctions and a controversial prisoner swap has sparked criticism among Venezuelans, emphasizing their strong interest in U.S. foreign policy.

The emotional debate extends to immigration policies, with Title 42 and the Venezuelan parole program at the forefront. While some Venezuelans support stronger border policies, others feel unfairly excluded under Biden's approach. The parole program, limited to 24,000 Venezuelans, becomes a focal point, prompting calls for a rolling admission system to address the challenges posed by mass migrations and ensure a more humane treatment of those escaping human rights violations.

The complex interplay of politics, immigration policies, and perceptions within the Venezuelan migrant community highlights the multifaceted challenges faced by those seeking refuge in the U.S.

Shifting Demographics Unveiled

U.S. Census Projects Over 1 in 4 Americans to be Latino by 2060

THE U.S. Latino population is anticipated to surpass 1 in 4 Americans by 2060, marking a significant increase from the current 1 in 5, according to recent projections from the U.S. Census Bureau. Hispanics, constituting 19.1% of the current population, are estimated to comprise 26.9% by 2060, while the non-Hispanic white population is projected to decrease from 58.9% to 44.9% during the same period. The overall U.S. population is expected to grow from 333 million to nearly 370 million by 2080, with a subsequent decline to 366 million by 2100.

These projections, an update from the 2017 data, considered factors like births, deaths, and international migration. Sandra Johnson, a demographer at the Census Bureau, emphasized shifts in population components over

the past five years. Short-term effects, such as increased mortality due to the COVID-19 pandemic, are expected, while long-term trends include persistent declines in fertility.

In all scenarios, including the most likely projections, a combination of declining fertility rates and an aging population will result in more deaths than births in the U.S. The peak of population growth in the most likely scenario is forecasted at 370 million in 2080, decreasing to 366 million by 2100. The high immigration scenario envisions a U.S. population of 435 million by 2100, while the low-immigration scenario peaks at approximately 346 million in 2043, declining to 319 million in 2100. Immigration is projected to be the primary contributor to population growth, compensating for the anticipated deficit of births

compared to deaths.

These projections emphasize the evolving demographic landscape of the United States, reflecting ongoing changes in fertility rates, mortality patterns, and migration trends.

Work Stress and Burnout on the Rise:

One in Five Dutch Workers Affected, Leading to 11 Million Lost Days Annually

A concerning revelation has emerged from research conducted by the TNO institute, indicating that one in five workers in the Netherlands grapples with symptoms of burnout. The findings, released as part of the OVAL Week of Work Stress, reveal a significant impact, leading to an annual loss of 11 million workdays due to stress and pressure.

Elwin Wolters, OVAL director, expressed deep concern over the escalating numbers, emphasizing that the prevalence of burnout complaints has reached an all-time high. He urged employers, employees, and policymakers to take decisive action to curb work stress and burnout, cautioning that if left unaddressed, a third of all employees could face burnout

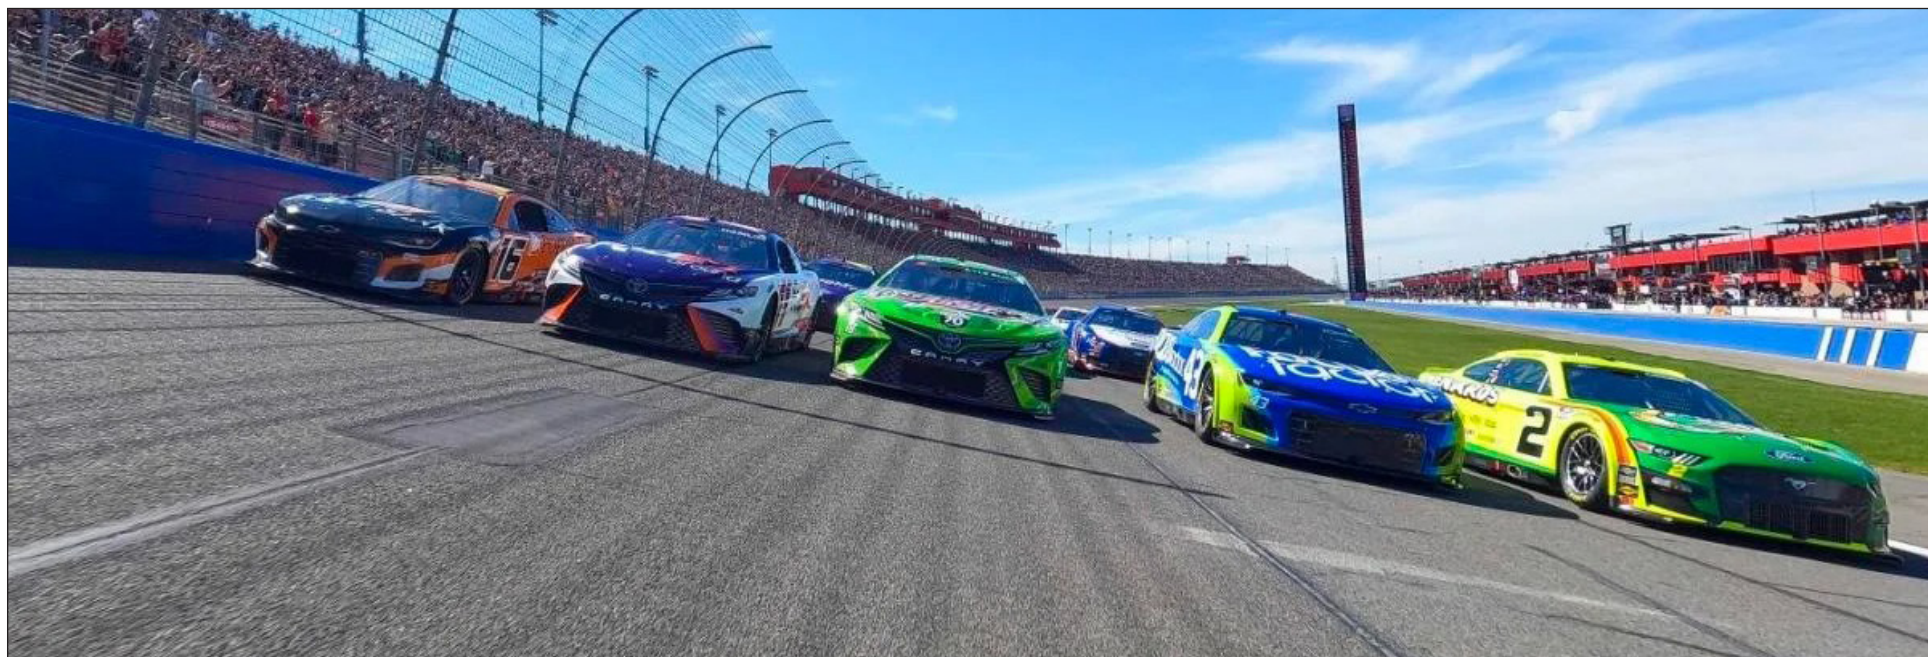

by 2030.

The research highlights a resurgence in burnout symptoms, with 20% of workers affected, marking a rebound from a decline observed in 2020. Notably, public administration, healthcare, and education sectors report the highest rates of stress-related absenteeism.

Excessive workload is cited by almost 30% of workers as the cause of their absenteeism. The repercussions of this absenteeism are substantial, placing additional pressure on colleagues, incurring high costs for employers (averaging 315 euros per day per employee), and significantly impacting workplace dynamics.

Despite the concerning statistics, there is a silver lining, as almost all workers report receiving social support from colleagues. Moreover, a majority feel psychologically safe discussing challenging issues, and many express comfort in seeking help. The research institute considers this positive workplace atmosphere crucial in preventing burnout-related dropouts.

Highlights of 2023 NASCAR Cup Series Season

AS the checkered flag falls on the 2023 NASCAR Cup Series season, it's time to dissect the stats that encapsulate the narrative of the year. Here's a comprehensive look at the key details from Ryan Blaney's triumphant title-winning campaign.

Blaney's Title Triumph: Ryan Blaney secured his place in history as the third driver in the last four seasons to clinch his maiden Cup Series title. Since Jimmie Johnson's sixth title in 2013, a total of eight drivers, including Blaney, have tasted championship glory.

Top-Five Finishes: While Blaney claimed the title, his eight top-five finishes marked the fewest for a Cup Series champion in NASCAR's modern era (1972-present). This record-breaking feat underscores the competitiveness of the field.

Byron's Dominance: William Byron emerged as the driver with the most race victories, boasting six wins in the season. This marks the second consecutive year where a single driver has amassed five or more wins.

Top Performers: Byron and Kyle Larson led the pack with 15 top-five finishes each, a testament to their consistency. Notably, eight drivers secured at least 10 top-five finishes, all accompanied by a race victory.

Consistent Top 10s: Byron maintained his stronghold on consistency, leading the series with 21 top-10 finishes. In a rarity, he was the sole driver with more than 20 top 10s, diverging from the trend seen since 1992.

Average Finish Metrics: Brad Keselowski stood out among winless drivers with an eighth-place finish in the standings. Comparatively, Blaney, who held a similar position last season, again claimed the highest rank among winless competitors.

Statistical Leaders: Byron's remarkable season extended to statistical achievements, leading the series with an average finish of 11th. In contrast, Blaney secured the seventh spot among full-time Cup Series drivers, underlining the competitive landscape.

Pole Positions: Christopher Bell showcased speed, capturing six pole positions, leading the cohort of 15 drivers who claimed at least one pole in 2023.

Reliability and Durability: Corey LaJoie emerged as the reliability champion, finishing every race. Meanwhile, Buescher and Harvick demonstrated durability by completing all but one race.

Seasonal Challenges: Austin Dillon faced adversity, accumulating the most DNFs among drivers who competed in all 36 races. His challenging season was reflected in his 29th-place finish in the standings.

Career Milestones: Bubba Wallace achieved a career-best 10th place in the points standings, marking a significant milestone in his NASCAR journey.

Dillon's Struggle: Ty Dillon faced an uphill battle, scoring the fewest points among drivers who completed all 36 races, averaging just 10.1 points per race.

Peculiar Records: Todd Gilliland secured the unique distinction of being the only driver to compete in all 36 races without leading a lap, emphasizing the diverse narratives woven throughout the season.

The 2023 NASCAR Cup Series season was a tapestry of triumphs, challenges, and statistical anomalies, reinforcing the sport's dynamic and unpredictable nature.

Baker Mayfield Faces Continued Criticism Despite Solid Performance

THE world of NFL analysis, opinions can swiftly shift, and quarterback evaluations are no exception. Peter King, an esteemed NFL insider at NBC Sports, is once again expressing skepticism about Baker Mayfield's capabilities as a starting quarterback. Despite acknowledging his earlier misjudgment of Mayfield and the Buccaneers, King is back to characterizing Mayfield as subpar.

Mayfield's current season statistics tell a different story. Tied for 12th in touchdown passes alongside quarterbacks like Jared Goff and Joe Burrow, Mayfield has demonstrated

proficiency on the field. He ranks 16th in total passing yards, showcasing steady performance even with one less game played than some of his counterparts. An area where Mayfield excels is in minimizing interceptions, with only five starting quarterbacks having thrown fewer. His agility and effectiveness under fourth-quarter pressure have notably improved this season, especially considering the lackluster running game support he receives.

Despite these positive developments, King includes Mayfield in a group of quarterbacks labeled as potential busts or average performers. The ongoing debate surrounding NFL quarterback projections continues to perplex analysts, with King expressing concern about teams like the Buccaneers needing to navigate the uncertainty successfully.

As the Buccaneers evaluate Mayfield's future, the quarterback's commendable performance in the face of challenges adds a layer of complexity to the decision-making process. If Mayfield maintains his current level of play and secures a spot among the top starters for the 2023 season, parting ways with him could prove to be a questionable move for the Buccaneers.

A.J. Preller Explores Blockbuster Trade for Padres' 2024 Roster Overhaul

AS the San Diego Padres aim to distance themselves from a lackluster 2023 season, speculations arise about potential changes for the 2024 lineup.

Despite possessing a wealth of talent, the Padres appear open to strategic moves, even considering the trade of one of their All-Stars. The possibility of acquiring the White Sox's formidable right-handed pitcher, Dylan Cease, is circulating as a significant upgrade for the Friars' rotation.

MLB insider Zachary Rymer from Bleacher Report suggests

a plausible trade scenario, ranking the Padres at No. 4 among the potential landing spots for Cease. The proposed deal involves San Diego securing Cease in exchange for left-handed pitcher Robby Snelling and outfielder Samuel Zavala.

While the White Sox may have desired prospects like Ethan Salas or Jackson Merrill, the suggested trade would still provide them with MLB's No. 31 and No. 93 talents. The deal could address the White Sox's need for position players, with Snelling being a compelling option, recognized as one of the best left-handed pitching prospects.

For the Padres, Cease emerges as a promising addition to their pitching rotation, potentially filling the void left by the departure of former All-Star Blake Snell. Despite the current lack of a left-handed pitcher in San Diego's rotation, the 27-year-old Cease brings a solid track record, making him an enticing prospect for the Friars.

The offseason unfolds, and the Padres' pursuit of Cease will reveal the extent of their aggressiveness in fortifying their roster for the upcoming season.

Farewell to a Football Legend: **Sir Bobby Charlton** **Remembered in England**

A poignant ceremony at Manchester Cathedral, around 1,000 guests, including soccer luminaries and dignitaries, bid farewell to the legendary Sir Bobby Charlton on Monday. The funeral of the iconic Manchester United and England soccer great drew mourners from across the globe to pay their respects.

Prince William, the future king of England and president of the Football Association, led the dignitaries in attendance. Charlton, widely acclaimed as the greatest English soccer player in history, passed away on October 21 at the age of 86.

Fans gathered outside United's Old Trafford and the cathedral to express their condolences. Derek Pratt, a devoted fan who traveled over 160 kilometers, remembered Charlton as "a real gentleman" who shunned the limelight and embodied kindness.

The funeral cortege commenced at Old Trafford, passing through a guard of honor formed by United's academy teams. Former United manager Alex Ferguson, UEFA president Aleksander Ceferin, and England coach Gareth Southgate were among the prominent figures at the service.

Charlton's legacy is etched in the annals of soccer history,

having played for United from 1956 to 1973. His impressive record includes 758 appearances, 249 goals, and victories in three league titles, the FA Cup, and the European Cup. Surviving a 1958 plane crash, Charlton went on to contribute significantly to England's 1966 World Cup triumph and United's European Cup win in 1968.

Former United CEO David Gill paid tribute to Sir Bobby, stating that the name alone conveyed his unparalleled influence on the sport. Charlton's enduring impact is evident in the continued success and stature of Manchester United, built upon the foundation he laid.

The funeral provided a moment of reflection for the soccer community, honoring a true legend whose contributions extended beyond the field. Charlton's name, synonymous with greatness, will forever hold a special place in the hearts of fans worldwide.

Friesland Aims to Host 2030 Winter Olympic Skating Events if Switzerland Triumphs in Bid

THE northern Dutch province of Friesland is gearing up to make an earnest attempt to host the skating events for the 2030 Winter Olympics, contingent on Switzerland securing the rights to organize the games.

Switzerland, lacking a sizable speed skating rink, is considering options such as the Thialf stadium in the Netherlands

and the Inzell stadium in Germany. Sweden, France, Japan, the US, and Canada have also expressed interest in hosting the Winter Olympics.

Femke Wiersma, provincial sports chief, highlighted the Thialf stadium in Heerenveen as an "extremely well-suited" venue for the skating events. Friesland is prepared to go to great lengths to secure the hosting rights.

The International Olympic Committee (IOC) will make the final decision on the winning bid next year. In a bid to showcase their capabilities, the Netherlands will soon invite the IOC to witness the European distance championships and experience the well-organized atmosphere.

Thialf stadium director Minne Dolstra expressed enthusiasm about the prospect of hosting the skating events. Should the opportunity arise, Thialf would willingly embrace the chance to contribute to the success of the 2030 Winter Olympics.

Beyond the Hype

Unveiling the Real Environmental Impact of Electric Vehicles

AS the world races towards sustainable solutions to combat climate change, electric vehicles (EVs) have emerged as a promising alternative to traditional gasoline-powered cars. With zero tailpipe emissions and a sleek image of environmental friendliness, EVs have captured the spotlight. However, delving into the full lifecycle impact of these vehicles reveals a more complex narrative, dispelling the notion of a panacea for environmental concerns.

Zero Tailpipe Emissions but Not Zero Impact:

While EVs offer a cleaner driving experience by eliminating direct tailpipe emissions, their environmental footprint extends far beyond the roads. One critical aspect that often goes overlooked is the extraction of minerals essential for battery production. Lithium, cobalt, and nickel, key components of EV batteries, are often sourced through environmentally damaging mining practices. Issues such as deforestation, habitat disruption, and resource exploitation become inherent to the supply chain of these supposedly green vehicles.

Energy-Intensive Manufacturing Processes:

The manufacturing of EVs involves energy-intensive processes, from extracting raw materials to assembling the final product. The carbon footprint associated with the production phase can be substantial, potentially offsetting the emissions saved during the usage phase. Critics argue that the energy used in manufacturing, particularly in regions where the electricity grid relies heavily on fossil fuels, chal-

lenges the overall sustainability claims of EVs.

The Myth of Endless Battery Life:

While EV manufacturers tout the longevity of batteries, the reality is that these batteries degrade over time. The disposal and recycling of lithium-ion batteries pose environmental challenges. Improper disposal can lead to soil and water contamination due to the toxic components within batteries. Developing effective recycling methods is crucial to mitigate the environmental impact of discarded EV batteries.

Striving for Sustainable Transportation:

Criticism of the complete lifecycle impact of EVs is not a call to abandon electric transportation but a plea for a more nuanced and comprehensive approach. Achieving sustainable transportation involves a multifaceted strategy. Beyond transitioning to EVs, improving and expanding public transit systems, promoting alternative modes of transport such as biking and walking, and investing in renewable energy sources for electricity gener-

ation are integral components of a holistic solution.

Navigating the Propaganda:

Amid fervent enthusiasm for EVs, it is essential to navigate through the propaganda and acknowledge the complexity of achieving true sustainability. Consumers, policymakers, and industry leaders must engage in transparent discussions that consider the complete lifecycle of EVs, addressing environmental concerns at every stage.

Electric vehicles undoubtedly represent a significant step towards cleaner transportation. However, the environmental narrative surrounding EVs should not be oversimplified. Acknowledging the challenges associated with raw material extraction, manufacturing processes, and battery disposal is crucial for developing genuinely sustainable transportation solutions.

As the world embraces EVs, an honest evaluation of their complete lifecycle impact is imperative for steering toward a future of genuinely eco-friendly mobility.

EU'S DRAFT METHANE REGULATION STIRS CONCERN IN OIL AND GAS INDUSTRY

AS the European Union (EU) moves closer to finalizing its draft methane regulation, the oil and gas industry expresses concerns, warning of its impracticality in the current form. The proposed regulation aims to address methane leaks from fossil fuels, with the industry required to detect and repair such leaks.

The International Association of Oil & Gas Producers (IOGP) voices its apprehension, stating that certain aspects of the draft rules rely on non-existent technologies. Nareh Terzian, Head of Strategy and Communications at IOGP Europe, deems the regulation “at risk of being impossible to implement” due to these disconnected requirements.

The EU’s methane regulation, tabled in December 2021, seeks to combat emissions that occur during the extraction, transport, or storage of fossil fuels. Methane, a potent greenhouse gas, has over 80 times the warming power of CO₂ in the initial two decades after release.

The upcoming talks between representatives from the 27 EU member states and the European Parliament will focus on unresolved issues, including methane management in

imported oil and gas, and repair strategies for infrastructure leakage.

Despite the industry’s concerns, environmental campaigners emphasize the need for stringent measures to address methane emissions. The European division of the Environmental Defense Fund asserts that the EU, as a major natural gas importer, should take responsibility for reducing pollution associated with methane leaks.

Diverging opinions persist on key aspects, such as leak detection thresholds and the repair criteria. The proposed regulations have drawn criticism for being both too stringent and, conversely, not ambitious enough. Differences also arise regarding the placement of detectors and specifications for leak-detection systems.

The talks aim to reconcile these disparities to arrive at a mutually agreed-upon text before the regulations can be enacted into law. Striking a balance between industry concerns, environmental considerations, and feasibility will be crucial for the EU to implement effective methane regulations.

Top 5 Red Wine Brands and Their Exquisite Offerings in 2023

AS wine enthusiasts explore the world of red wines, certain brands consistently stand out for their exceptional quality and rich heritage. In 2023, several distinguished red wine brands continue to capture the essence of their respective regions, offering oenophiles a delightful journey through the vineyards of France and Italy.

Château Lafite Rothschild (Bordeaux, France)

Renowned for its opulent Bordeaux wines, Château Lafite Rothschild remains a pinnacle of excellence. With a history dating back to the 17th century, this estate produces red wines that embody the artistry of winemaking. The meticulous blend of Cabernet Sauvignon, Merlot, and other grape varieties yields a symphony of flavors, often characterized by blackcurrant, cedar, and subtle spices. Each bottle reflects the estate's commitment to uncompromising quality.

Domaine de la Romanée-Conti (Burgundy, France)

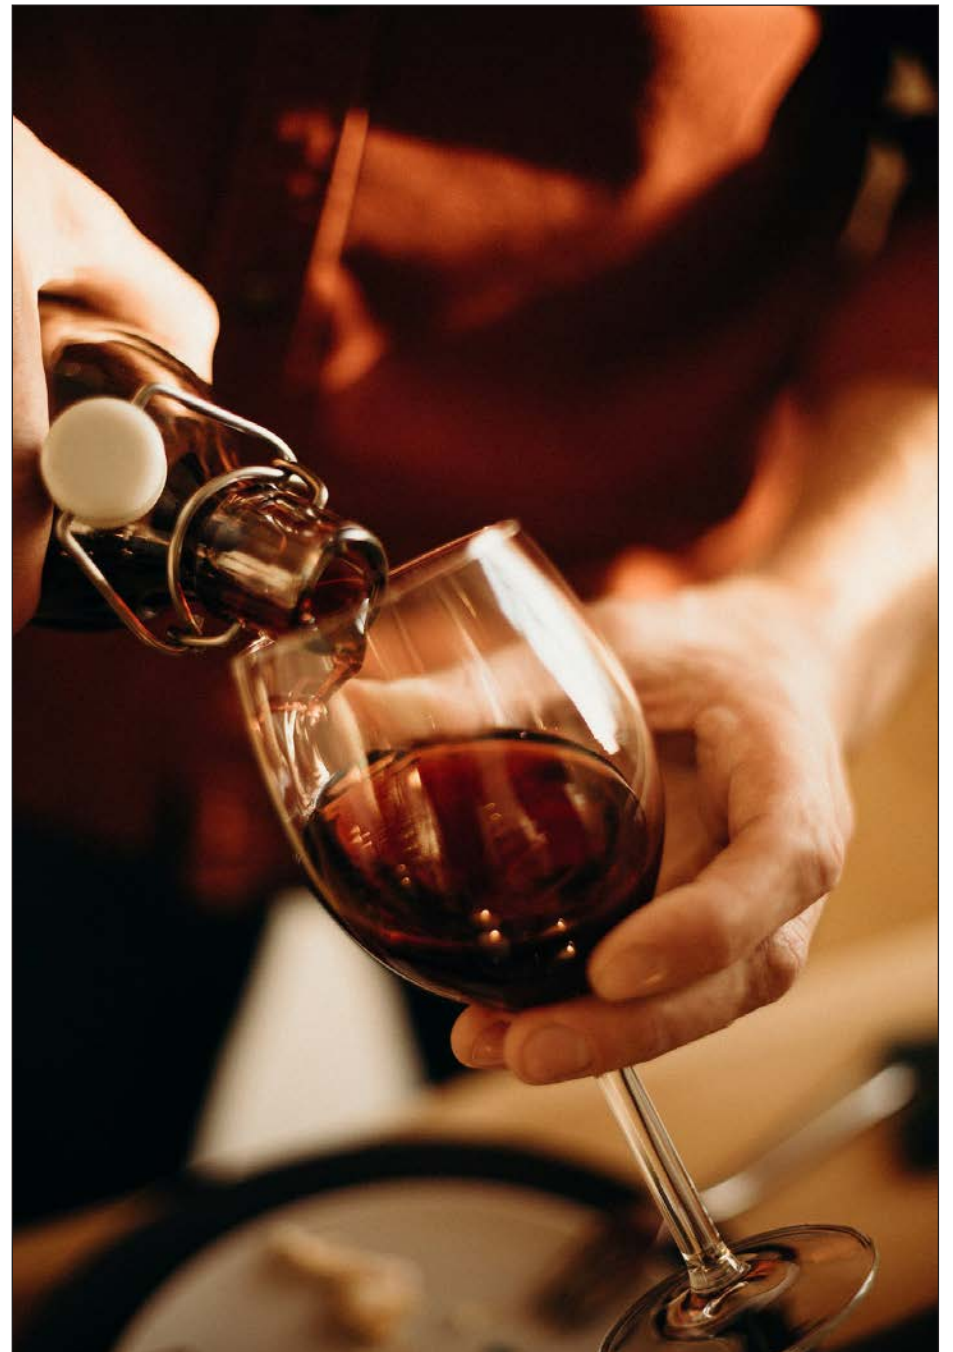

Burgundy's crown jewel, Domaine de la Romanée-Conti, stands as a paragon of Pinot Noir perfection. Revered for its limited production and coveted Grand Cru vineyards, this estate crafts red wines of extraordinary finesse. The ethereal character of Romanée-Conti wines is marked by layers of red fruit, floral notes, and a distinct minerality. Collectors worldwide eagerly anticipate each release, making these Burgundian treasures a rare and exquisite indulgence.

Domaine Etienne Guigal (Rhône, France)

Nestled in the Rhône Valley, Domaine Etienne Guigal has been a vanguard of winemaking innovation. With a commitment to crafting wines that reflect the terroir, their red wines showcase the expressive nature of Syrah and Grenache. From the robust Côte-Rôtie to the harmonious Châteauneuf-du-Pape, each bottle is an exploration of Rhône's diverse terroirs, revealing a spectrum of aromas from dark fruits to savory spices.

Castello di Ama (Tuscany, Italy)

In the heart of Tuscany, Castello di Ama produces red wines that embody the essence of Chianti Classico. Combining Sangiovese, Merlot, and Malvasia Nera, their wines exhibit a perfect marriage of tradition and modernity. From the flagship "L'Apparita" to the Chianti Classico Riserva, Castello di Ama's portfolio reflects the estate's dedication to crafting wines that capture the soul of Tuscany.

Masseto (Tuscany, Italy)

Tuscany's prized gem, Masseto, is celebrated for its exceptional Merlot. Situated in the Bolgheri region, Masseto consistently produces red wines of unrivaled elegance and complexity. The "Masseto" label, in particular, has achieved cult status among wine connoisseurs. With its velvety texture, opulent dark fruit, and a subtle hint of cocoa, Masseto exemplifies the pinnacle of Merlot craftsmanship.

These red wine brands and their distinguished offerings provide enthusiasts with a passport to the terroirs of Bordeaux, Burgundy, Rhône, and Tuscany. Whether savoring the nuanced layers of a Burgundian Pinot Noir or experiencing the bold symphony of a Bordeaux blend, each bottle represents the culmination of centuries of winemaking expertise, inviting enthusiasts to embark on a sensory journey through some of the world's most revered vineyards.

Ad Fatigue:

Sailing the Seas of Consumer Attention

THE bustling marketplace of the digital age, where every brand vies for attention, a formidable adversary emerges – ad fatigue. As consumers navigate through a landscape inundated with advertisements, the challenge for businesses is not merely to be seen but to be memorable.

The Phenomenon of Ad Fatigue:

Ad fatigue is not a new phenomenon, but its prominence has surged in the digital realm. The average consumer is exposed to a staggering number of ads daily, ranging from social media banners to video pre-rolls and website pop-ups. As a result, the once-novel promotional content can become background noise, blending into an indistinguishable tapestry of marketing messages.

The Consequences for Businesses:

For businesses, the consequences of ad fatigue are profound. When consumers grow weary of the relentless barrage of advertisements, the efficacy of marketing campaigns diminishes. Click-through rates dwindle, conversion rates plateau and brand recall wanes. Advertisements that once captured attention may now face the peril of being scrolled past or ignored.

Strategies to Combat Ad Fatigue:

Diversification is Key: Relying on a single channel or format can accelerate ad fatigue. Diversifying advertising strategies across platforms, from social media to email campaigns, helps maintain a fresh and engaging presence.

Creative Refresh: Regularly updating ad creatives, be it visuals or copy, prevents staleness. Innovative and visually appealing content is more likely to capture and retain consumer attention.

Targeted Precision: Leveraging data-driven insights allows businesses to target their audience with precision. Personalized and relevant content resonates more effectively, cutting through the noise of generic advertisements.

Strategic Timing: Timing is everything. Understanding peak hours and consumer behavior patterns enables strategic scheduling of advertisements, maximizing their impact.

Interactive Content: Encouraging user interaction through quizzes, polls, or contests transforms the passive viewing experience into an engaging one. Interactive content not only retains attention but also fosters a sense of participation.

The Road Ahead:

As businesses navigate the complex waters of ad fatigue, the emphasis shifts from sheer visibility to creating meaningful connections. Crafting campaigns that are not just seen but remembered requires a nuanced approach. The evolving landscape demands adaptability, creativity, and an unwavering commitment to understanding and resonating with the ever-changing desires of the consumer.

In this dynamic environment, those who skillfully navigate ad fatigue are not just marketers; they are captains steering their brands toward enduring consumer loyalty.

Avoiding Religious and Political Arguments

IN the realm of conversation etiquette, there's a well-known piece of advice that advises against arguing about religion or politics. This guidance is rooted in the understanding that these subjects tend to be highly charged, evoking intense emotions and deeply ingrained beliefs. While open dialogue is vital for societal growth, the caution against heated discussions in these areas is a nod to maintaining civility, understanding, and healthy relationships.

Understanding the Sensitivity:

Religion and politics are inherently personal and often tied to one's identity, values, and cultural background. Differing opinions in these domains can lead to emotional discussions that, if not handled carefully, may strain relationships and hinder meaningful communication. Recognizing the sensitivity surrounding these topics sets the stage for more thoughtful and respectful conversations.

Respectful Communication:

The key to navigating discussions about religion and politics lies in the art of respectful communication. Approaching these conversations with empathy, active listening, and an openness to diverse perspectives can create an environment where dialogue flourishes rather than turning into a battleground of conflicting ideas. It is crucial to acknowledge that people come from various walks of life, each shaped by unique experiences that influence their viewpoints.

Choosing the Right Time and Place:

Timing and context play pivotal roles in the success of any conversation. Opting for the right time and place to engage in discussions about religion or politics can significantly impact the outcome. It's advisable to choose settings where

individuals feel comfortable expressing their thoughts without fear of judgment or aggression. Creating an atmosphere of mutual respect can encourage a more constructive exchange of ideas.

Promoting Constructive Dialogue:

Rather than outright avoidance, the emphasis should be on promoting constructive dialogue. Encouraging conversations that foster understanding, even in the face of differing opinions, contributes to a healthier exchange of ideas. Establishing common ground on shared values can serve as a foundation for discussions, helping to build bridges instead of walls.

Sustainable Transportation Beyond Electric Vehicles:

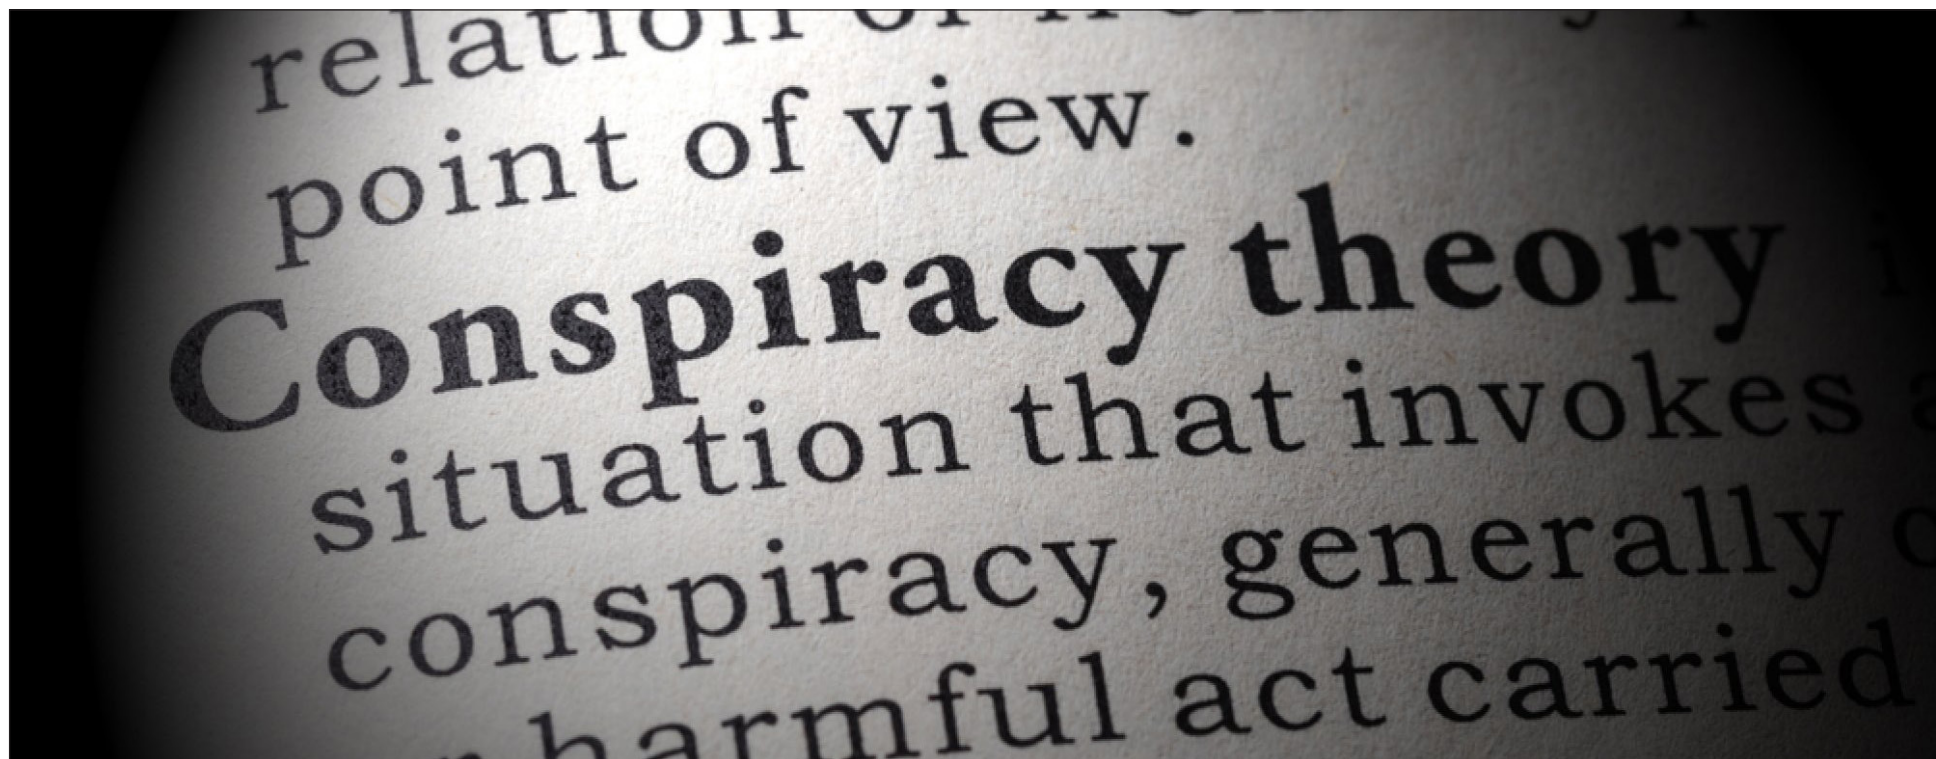

The advice against arguing about religion or politics extends beyond the personal realm, finding resonance in broader societal conversations. As the world focuses on sustainable transportation, the discussion encompasses more than just the shift to electric vehicles. Embracing alternative modes of transport, improving public transit, and considering the entire lifecycle impact of green technologies become integral components of a holistic approach.

While steering clear of arguments about religion or politics may be a pragmatic choice in certain situations, it doesn't mean avoiding these conversations altogether. Instead, the emphasis should be on fostering respectful, empathetic, and constructive dialogue.

By acknowledging the sensitivity surrounding these topics and choosing the right time and place for discussions, individuals can contribute to a more understanding and harmonious society.

Separating Fact from Fiction

Unraveling the New World Order Conspiracy

THE vast realm of conspiracy theories, the concept of a “New World Order” (NWO) has captured the imaginations and concerns of many. This theory posits the existence of a secretive, powerful group orchestrating global events to establish a single, authoritarian world government. While some genuinely believe in the NWO, it is essential to critically examine the evidence and distinguish reality from speculation.

Origins and Evolution:

The idea of a New World Order has its roots in historical events and literature. The term gained prominence in the early 20th century, often associated with the aftermath of World War I and the League of Nations. Over time, the concept evolved, intertwined with geopolitical shifts, economic changes, and societal fears.

Key Themes:

Conspiracy theorists often cite certain recurring themes to support the existence of a New World Order.

Global Elites: Believers argue that a small group of influential individuals, often from the realms of politics, finance, and technology, secretly control world events.

Secret Societies: Various secret societies, such as the Illuminati, Freemasons, or Bilderberg Group, are alleged to be the puppet masters behind the scenes.

Controlled Media: The theory suggests that mainstream media outlets are tools used by the NWO to manipulate public opinion and disseminate propaganda.

Economic Manipulation: Claims include the deliberate destabilization of economies to consolidate wealth and control.

Surveillance and Technology: The rise of advanced surveillance technologies is viewed as a means for the NWO to

monitor and control the masses.

Critical Examination:

While conspiracy theories often contain elements of truth, it is crucial to scrutinize the evidence and assess the feasibility of the claims.

Lack of Concrete Evidence: Despite decades of speculation, no concrete evidence has emerged to conclusively support the existence of a New World Order.

Diverse Global Interests: The world is characterized by diverse political, economic, and cultural interests. The idea of a singular, all-powerful entity orchestrating global events contradicts the complexity of international relations.

Inconsistent Narratives: Different versions of the New World Order theory exist, leading to inconsistencies and contradictions within the conspiracy.

Open Societies and Democratic Values: The prevalence of open societies, democratic values, and global collaboration challenges the notion of a secretive group exerting control.

Alternative Explanations: Many events attributed to NWO manipulation can be explained by geopolitical realities, economic dynamics, and sociocultural changes.

While conspiracy theories like the New World Order may captivate our imaginations, critical thinking and evidence-based analysis are crucial for a nuanced understanding. In a world marked by complexity and diversity, attributing global events to a secretive, all-powerful group oversimplifies the intricate forces shaping our reality.

By separating fact from fiction, we can engage in more informed discussions about the challenges and opportunities facing our interconnected world.

Johnny Cash's Stirring Rendition of "Hurt" Leaves a Lasting Musical Legacy

IN 2002, the iconic Johnny Cash left an indelible mark on the music industry with his haunting rendition of Nine Inch Nails' "Hurt." Released as part of his album "American IV: The Man Comes Around," Cash's cover of the emotionally charged song has since become a timeless classic, showcasing the depth and enduring power of his musical artistry.

Cash, often hailed as the "Man in Black," brought a unique perspective to the song, infusing it with his distinctive voice, marked by the wear and tear of a life well-lived. The result was a rendition that not only paid homage to the original but also transcended it, taking on new layers of meaning and emotion.

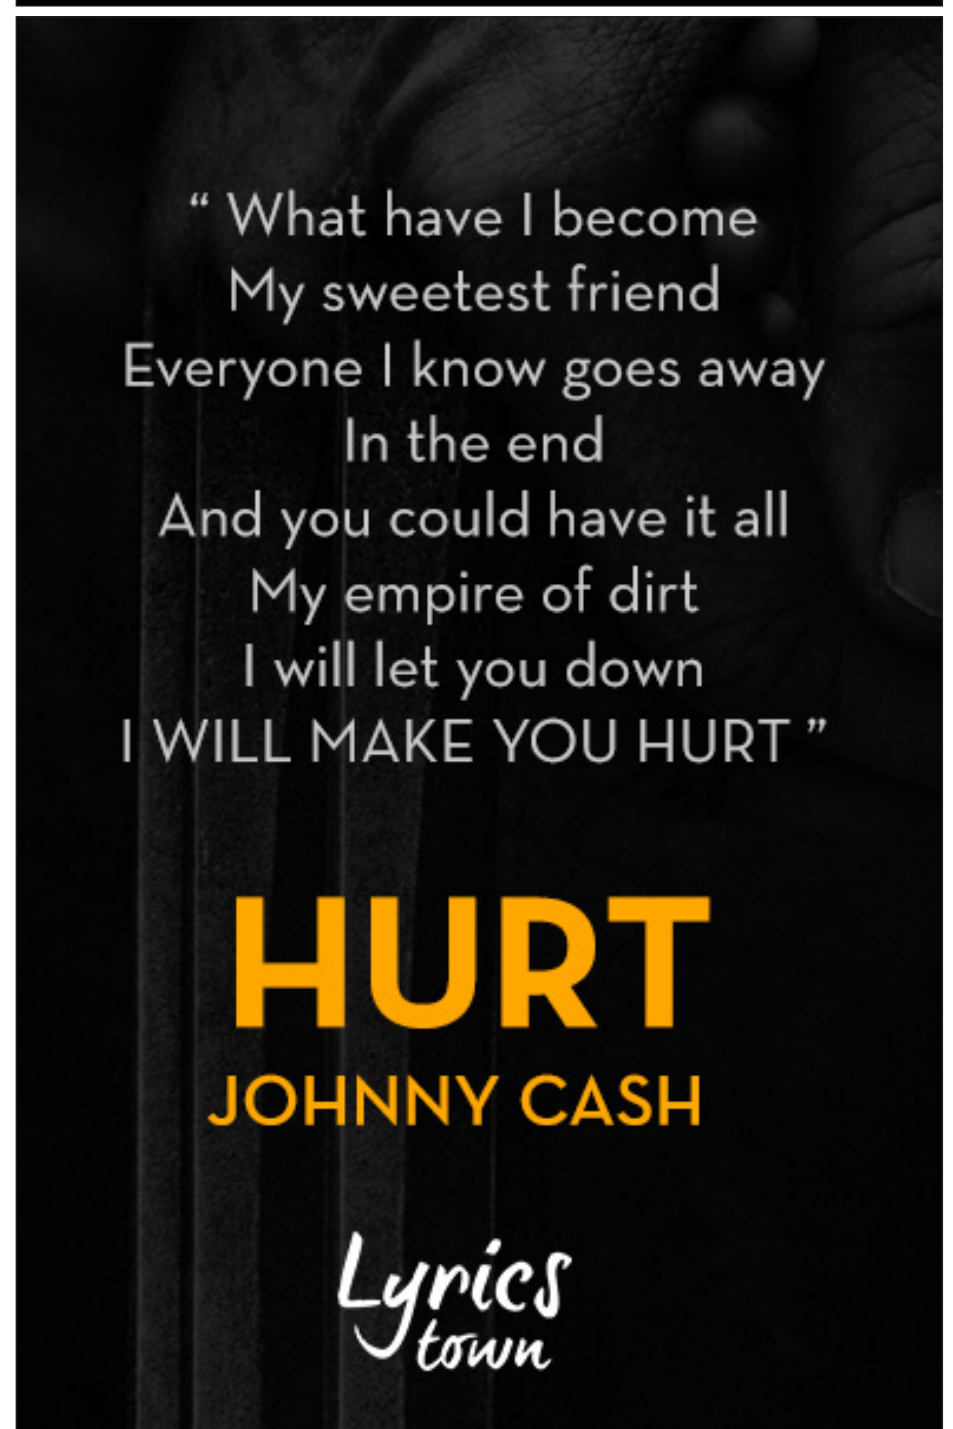

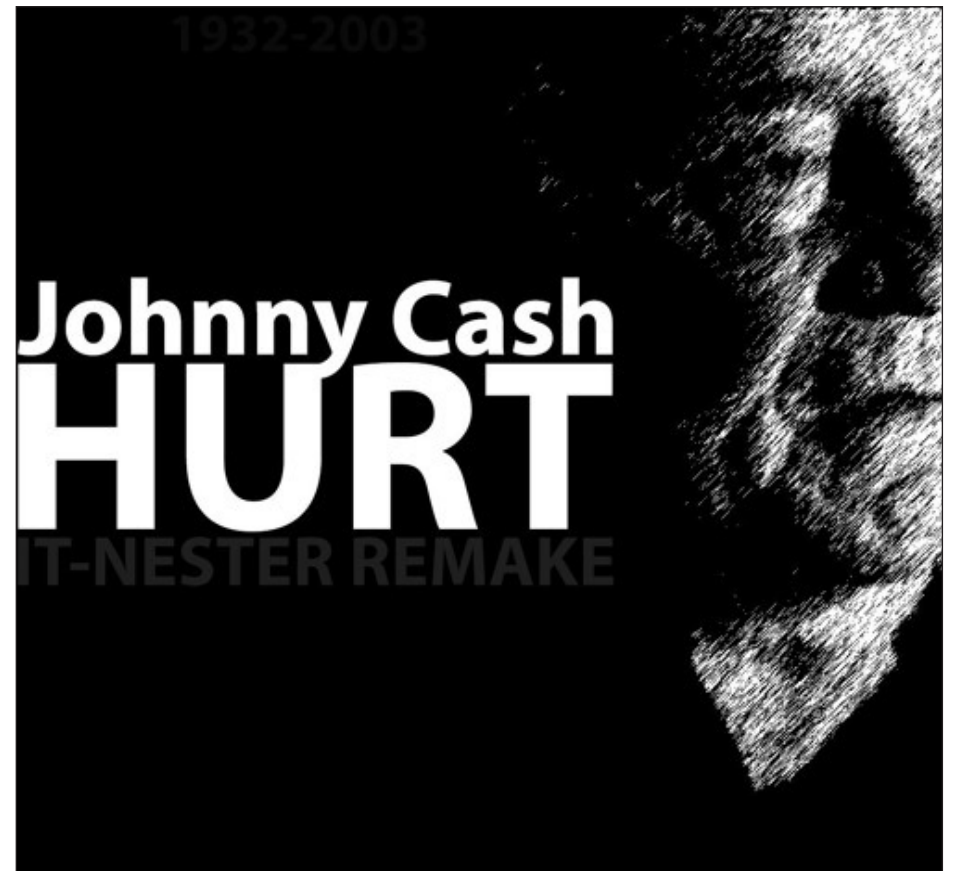

The accompanying music video, directed by Mark Romanek, added another dimension to the song. Meticulously crafted, the video intertwines footage from Cash's own life and career, creating a visual narrative that mirrors the introspective and contemplative nature of the lyrics. As the video unfolds, viewers are taken on a poignant journey through Cash's personal and professional highs and lows, adding a profound sense of authenticity to the overall experience.

What makes Cash's version of "Hurt" particularly resonant is the raw emotion he brings to the lyrics. The weathered quality of his vocals, coupled with the minimalist and acoustic arrangement, creates an intimate atmosphere that draws listeners in. The song becomes more than a mere cover; it becomes a reflection of Cash's own life, complete with struggles, regrets, and the passage of time.

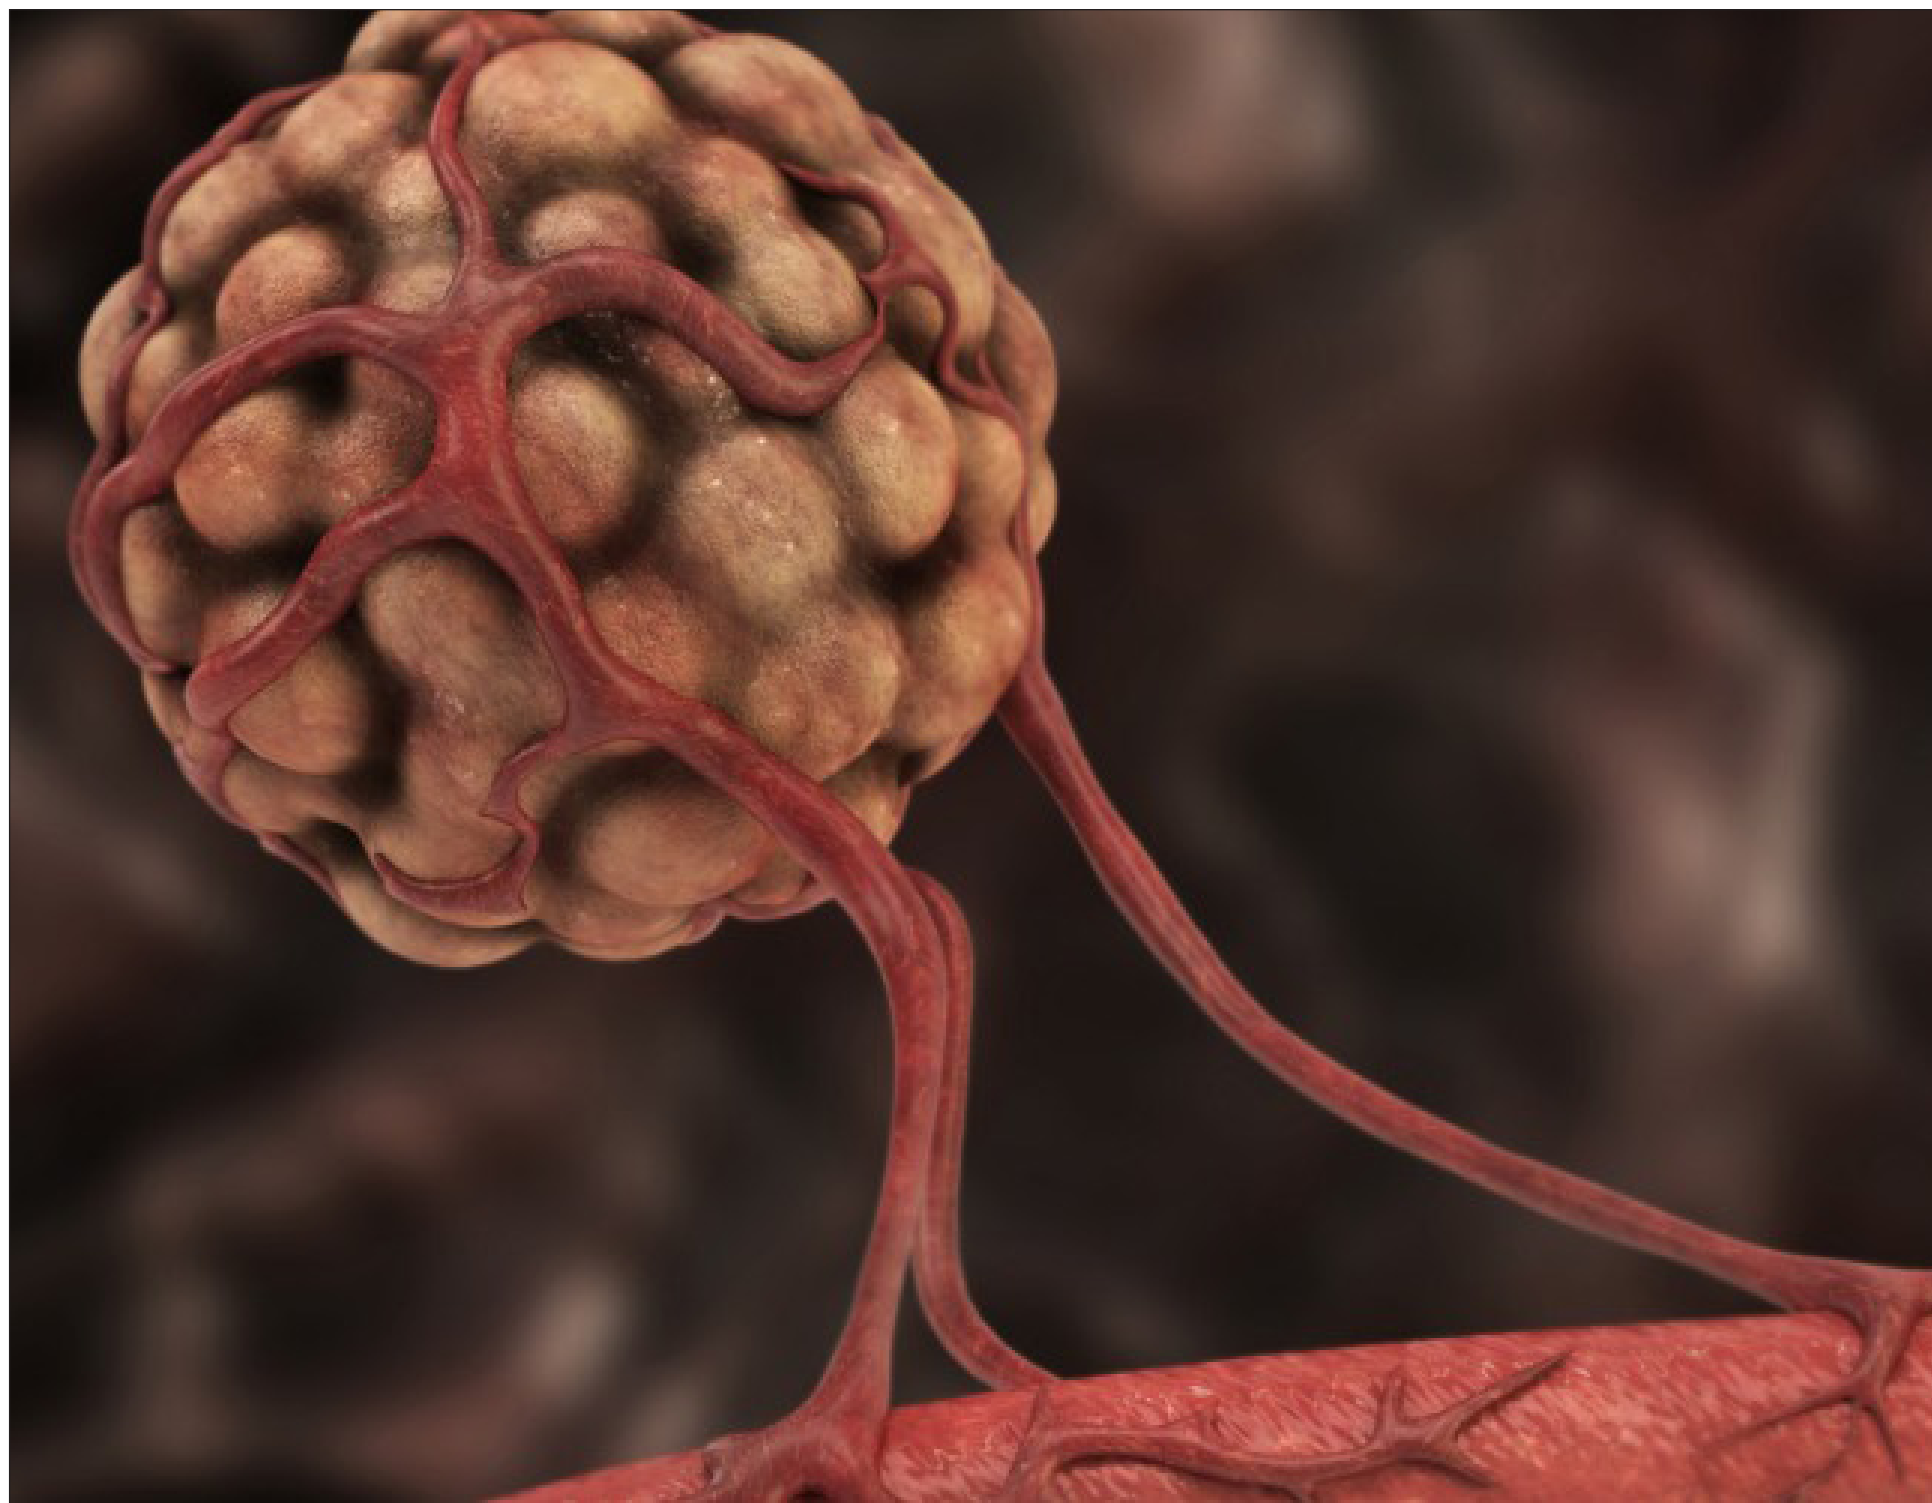

The impact of "Hurt" was not confined to its emotional weight alone. It served as a powerful reminder of Cash's ability to reinvent and breathe new life into songs across genres. The cover not only appealed to Cash's existing fanbase but also introduced his music to a younger audience, bridging generational gaps and solidifying his status as a musical legend.

Even after Cash's passing in 2003, "Hurt" continues to resonate with audiences worldwide. Its enduring popularity is a testament to the timelessness of Cash's interpretation and his ability to convey universal themes of pain, redemption, and self-reflection through his music.

Johnny Cash's rendition of "Hurt" stands as a poignant and lasting contribution to the world of music. Its emotional depth, coupled with the evocative visuals of the music video, ensures that the legacy of this cover endures, leaving an indelible mark on the hearts of listeners across generations.

Enzyme Discovery at UF Scripps Institute Unveils Potential Breakthrough in Cancer Treatment

SCIENTISTS at The Herbert Wertheim UF Scripps Institute for Biomedical Innovation & Technology have uncovered two novel enzymes with significant implications for cancer treatment. These enzymes, termed “cofactorless oxygenases,” operate without traditional metals or cofactors, simplifying the synthesis of complex natural chemicals that could be utilized in medicines.

Published in *Nature Chemical Biology*, the findings led by chemist Ben Shen, Ph.D., reveal the enzymes TnmJ and TnmK2. These enzymes play a crucial role in the production of tiancimycin A, a potent antibiotic and anticancer compound. Tiancimycin A, sourced from soil-dwelling bacteria, exhibits exceptional potency against cancer and viruses.

The enzymes enable bacteria to create compounds targeting and breaking up DNA, providing a potential mechanism for

combating infections, viruses, or cancer. The discovery resolves previous challenges in synthesizing tiancimycin A for larger-scale studies.

Shen emphasizes the importance of nature’s role in drug discovery, with nearly half of FDA-approved antibiotics and anticancer drugs derived from or inspired by natural products. The institute’s microbial natural product collection, one of the world’s largest, continues to reveal chemical treasures through modern genomic technologies.

The cofactorless enzymes open avenues for studying and manufacturing intricate natural chemicals more efficiently, fostering advancements in medicine development. Shen sees this discovery as a testament to nature’s surprises, offering insights into fundamental chemistry and biology while providing tools for impactful medical solutions.

Veganism:

A Lifestyle Choice for a Sustainable Future

VEGANISM, once considered a niche dietary preference, has evolved into a comprehensive lifestyle choice embraced by individuals worldwide. Beyond its roots in ethical concerns about animal welfare, veganism encompasses a broader commitment to environmental sustainability and personal well-being.

At its core, veganism involves abstaining from the consumption of animal products, which includes not only meat but also dairy, eggs, and honey. This dietary choice extends beyond the plate, influencing various aspects of daily life. One of the primary motivations for adopting a vegan lifestyle is the ethical treatment of animals. Advocates argue that raising animals for food production often involves inhumane practices, and by eschewing animal products, individuals align their values with a compassionate approach to all living beings.

Environmental sustainability is another pillar of veganism. The meat and dairy industries are significant contributors to deforestation, greenhouse gas emissions, and water pollution. Adopting a vegan lifestyle is seen as a direct action to reduce one's carbon footprint. A plant-based diet requires less land, water, and energy compared to traditional animal agriculture, making it a more environmentally responsible choice.

Beyond ethical and environmental considerations, adopting a vegan lifestyle is associated with various health benefits. Plant-based diets are typically rich in fruits, vegetables,

whole grains, and nuts, providing essential nutrients and lowering the risk of chronic diseases such as heart disease and diabetes. Many studies suggest that a well-planned vegan diet can meet all nutritional needs, offering a balanced and wholesome approach to nutrition.

The rise of veganism has also spurred a market for plant-based alternatives, from meat substitutes to dairy-free products. This not only provides vegans with a diverse and satisfying array of food choices but also encourages innovation in the food industry, promoting sustainable and cruelty-free options for all consumers.

Social media platforms have played a pivotal role in popularizing and normalizing veganism. Influencers, celebrities, and everyday individuals share their plant-based journeys, recipes, and tips, creating a supportive community that fosters awareness and education. This sense of community helps those transitioning to a vegan lifestyle navigate challenges and celebrate successes.

Veganism has transcended its origins as a dietary choice to become a holistic lifestyle with ethical, environmental, and health dimensions. As awareness of the interconnectedness between personal choices and global impact grows, veganism stands as a compelling option for those seeking a sustainable and compassionate way of life. Whether motivated by concern for animals, the environment, or personal health, individuals embracing veganism contribute to a collective effort toward a more harmonious and sustainable future.

Embracing Sweet Revenge:

Rising Above Ageism with Wisdom and Triumph

THE intricate tapestry of life, age often becomes a canvas where stereotypes and misconceptions are painted. Yet, there exists a phenomenon akin to sweet revenge – the moment when those who deemed you old and irrelevant witness not only your resilience but also seek your guidance. It's a narrative of empowerment, wisdom, and the triumph of experience over preconceived notions.

The Ageist Veil:

Society, at times, succumbs to the pernicious influence of ageism. The belief that youthfulness equates to relevance can cast a shadow on the wealth of knowledge and experience that comes with age. However, beneath the surface of this stereotype lies the potential for a narrative twist – a narrative where age becomes a beacon rather than a burden.

Resilience Unveiled:

Sweet revenge unfolds as a silent victory. It's not about proving one's worth through grand gestures; rather, it's a quiet affirmation of resilience. As the naysayers witness the unwavering spirit and adaptability in the face of changing times, their preconceived notions crumble.

The Quest for Wisdom:

In the pursuit of relevance, wisdom emerges as a timeless companion. The sweet revenge lies in the realization that age doesn't dull the intellect but sharpens it. Those who once dismissed the wealth of experience may find themselves seeking the sagacious advice that only time can bestow.

Guiding the Once Skeptical:

The twist in this narrative is profound when those who considered you irrelevant now seek your guidance. It's a testament to the enduring value of experience. As you graciously extend a helping hand, there's an innate satisfaction in knowing that your reservoir of knowledge has become a sought-after wellspring.

A Lesson in Humility:

While sweet revenge paints a satisfying picture, it also imparts a lesson in humility. As the wheel of time turns, perspectives shift, and roles reverse. The narrative becomes not just about proving a point but about fostering an envi-

ronment where the interplay of wisdom and youth creates a harmonious symphony.

Embracing the Cycle:

In the grand tapestry of life, sweet revenge becomes a brush-stroke that adds depth to the canvas. It's about embracing the cyclical nature of existence, where every phase has its unique beauty and significance. Age is not a static state but a dynamic journey, and sweet revenge is realizing that every phase contributes to the evolving masterpiece.

SweetRevengee, in the context of ageism, is a story of resilience, wisdom, and the cyclical nature of life. It's a narrative where the perceived limitations of age transform into the limitless possibilities of experience. As one graciously accepts the role of a guiding force, the sweetness of revenge is not just in proving a point but in contributing to the ever-unfolding saga of human existence.

The Allure and Perils of Greed:

Navigating the Shadows of Desire

GREED, an insatiable desire for more, often leads individuals down a perilous path, overshadowing reason and empathy.

This innate human trait, though rooted in the pursuit of success and abundance, can have far-reaching consequences on personal well-being and societal harmony. Exploring the facets of greed allows us to understand its allure, acknowledge its dangers, and seek a balanced approach to desire.

The Seduction of More:

At its core, greed is fueled by the pursuit of more—more wealth, more power, more possessions. In a world that often equates success with abundance, the allure of accumulating beyond necessity can be overwhelming. The desire for financial success, status, and material possessions can lead individuals to make choices that prioritize personal gain over collective well-being.

The Erosion of Empathy:

Greed, left unchecked, has the power to erode empathy. As the pursuit of individual goals intensifies, the needs and struggles of others may fade into the background. Empathy, a fundamental aspect of human connection, becomes a casualty of the relentless pursuit of personal gain. In the shadows of greed, the ability to understand and share the feelings of others diminishes.

Impact on Mental Health:

The relentless pursuit of more can take a toll on mental health. The constant comparison with others, coupled with an insatiable desire for success, can lead to stress, anxiety, and a perpetual sense of inadequacy. The treadmill of greed, where no amount is ever sufficient, creates a cycle that jeopardizes mental well-being, hindering the enjoyment of present achievements.

Societal Ramifications:

Greed extends its influence beyond individual lives, casting shadows on the fabric of societies. Economic inequality, fueled by an imbalanced distribution of resources, often finds its roots in unchecked greed. Societal structures that prioritize individual accumulation without regard for equitable distribution can lead to social unrest and erode the foundations of a harmonious community.

Balancing Ambition and Altruism:

While the pitfalls of greed are evident, ambition, when balanced with altruism, can pave the way for meaningful success. The key lies in fostering a mindset that acknowledges personal goals while recognizing the responsibility to contribute positively to the well-being of others. Cultivating a sense of sufficiency, where material success is viewed as a means rather than an end, allows for a more balanced and fulfilling life.

Cultivating Contentment:

In the face of rampant consumerism and the constant pursuit of more, cultivating contentment emerges as an antidote to greed. Understanding that true wealth extends beyond material possessions and encompasses relationships, experiences, and personal growth redirects the focus from accumulation to fulfillment.

Greed, a complex and deeply ingrained aspect of human nature requires vigilant self-reflection and societal awareness. Navigating the shadows of desire involves acknowledging the allure of more while recognizing its potential perils.

By fostering empathy, balancing ambition with altruism, and cultivating contentment, individuals can embark on a path that harmonizes personal success with collective well-being, ultimately dispelling the shadows cast by unchecked greed.
